

# Cancer Care at Roswell Park

Roswell Park is New York State's only **National Cancer Institute (NCI) designated comprehensive cancer center** outside of New York City.

Recognized as **High Performing for Colon and Lung Cancer Surgery**

## What Sets Us Apart

- **Board-certified oncologists** in surgery, medicine, radiation and other subspecialties who work collaboratively to provide cancer care concurrent with the latest evidence-based national guidelines.
- **High-volume experience** in laparoscopic, robot-assisted and complex cancer surgery.
- **State-of-the-art inpatient and ambulatory facilities** and clinics designed for patient safety and comfort.
- **Comprehensive support services** to surround the patient and family with appropriate psychosocial services, practical resources and guidance.
- **Access to clinical trials** that offer a vast portfolio of the latest options, many of which are unavailable elsewhere.
- **Survivorship & Supportive Care Center** to address unique post-treatment needs and surveillance and aim for the highest level of wellness possible.
- **New Clinical Care Centers** for your patients with Neurofibromatosis or Von Hippel-Lindau disease.

AT ROSWELL PARK, WE  
 CARE FOR THE **WHOLE PATIENT,**  
 NOT JUST THEIR **CANCER.**  
 PATIENTS ARE SURROUNDED BY A RANGE OF  
**CLINICAL AND SUPPORTIVE SERVICES**  
 TO ADDRESS THEIR UNIQUE  
**PHYSICAL, EMOTIONAL**  
**AND SPIRITUAL NEEDS.**

**THESE MAY INCLUDE:**

- Supportive & Palliative Care
- Psychosocial Oncology
- Oncofertility Program
- Genetic Counseling & Testing
- Rehabilitation Medicine
- Lymphedema Clinic
- Nutrition counseling
- Plastic & Reconstructive Surgery
- Sexual Health Clinics
- Support groups, events and retreats

## Clinical Care at Roswell Park

Patients are treated in disease-site specific comprehensive clinical care centers, where all possible treatment options are thoroughly evaluated. Our multidisciplinary teams — including medical, surgical and radiation oncologists, and specialists in hematology, gastroenterology, gynecology, urology, pulmonology, pediatrics and more — work together to ensure your patient’s cancer treatments will be optimally coordinated and sequenced, and delivered with compassion and respect.

The **Chemotherapy & Infusion Center** spans two floors of the 11-story Scott Bieler Clinical Sciences Center and offers a panoramic view of Buffalo’s downtown skyline and waterfront. Our professional staff, with special training in chemotherapy and other infusion treatments, reflect an unconditional commitment to patient comfort and safety.

Our **Radiation Medicine** department offers the region’s most technologically advanced and comprehensively equipped facility. The radiation team’s meticulous approach demands multiple steps — extra measures, care and attention at every phase of the treatment process — that set Roswell Park’s quality and safety above others. Our patients receiving radiotherapy may park in a free, on-site parking lot.

*Our*  
**patient advocates**  
 and **navigators**  
 are here to help  
**patients and their**  
**families** travel  
 this uneasy road.

The **Survivorship Center** brings together many Roswell Park professionals and services dedicated to the care of patients who have completed active treatment. Our survivorship team detects and manages side effects from cancer or its treatment; provides rehabilitative therapy, cancer screenings, nutrition counseling, emotional support and guidance and helps patients aim for a higher level of lifelong wellness.

Our **Young Adult Cancer Program** offers support services designed to help young adults overcome the unique physical, emotional, social and practical challenges associated with a cancer diagnosis at this life stage.

**YOUNG ADULT SUPPORT SERVICES OFFERED:**

- Fertility preservation
- Mental health counseling
- Financial counseling
- Social support & networking
- Women’s sexual health clinic
- Men’s sexual health clinic
- Survivorship Program
- Project Best Life

## High-Risk Clinics

For your patients who face a high cancer risk due to personal or family history, genetic mutations, cancer susceptibility syndromes, smoking history or other criteria, our high-risk clinics provide appropriate screening, surveillance and preventive options to manage risk for these cancers:

✓ LUNG    ✓ OVARIAN    ✓ BREAST    ✓ PANCREAS

To learn whether your patient meets the criteria for these clinics, call **1-800-ROSWELL** (1-800-767-9355)

## Unique Treatment Capabilities

Roswell Park offers specific diagnostic approaches unavailable elsewhere in the region, including:

- **Cellular Therapies** such as Chimeric Antigen Receptor (CAR) T-Cell therapy (Yescarta™, Kymriah™ and Tecartus™) for relapsed or refractory lymphoma, acute lymphoblastic leukemia and mantle cell lymphoma
- **Blood & Marrow Transplant** to patients of all ages for treatment of cancer, sickle cell anemia, immune disorders and other nonmalignant conditions
- **Gamma Knife Radiosurgery** for metastases to the brain
- **Monarch Platform Robotic Navigational bronchoscopy** to detect and biopsy very small, hard-to-reach lung nodules
- **Intraoperative Radiotherapy** to ensure clear margins with tumor excision
- **Cytoreductive Surgery/Hyperthermic Intraperitoneal Chemoperfusion (CS/HIPEC)** for advanced abdominal disease
- **NanoKnife Ablative Procedures** for unresectable or difficult-to-reach liver and pancreas tumors
- **Photodynamic Therapy** that combines light sensitizing drugs with nonthermal laser treatment
- **Intraperitoneal Chemotherapy** for treatment of ovarian, fallopian tube and primary peritoneal cancers
- **Clinical Trials** of the latest novel agents, immunotherapies and vaccines

## URGENT Care Support

### Assessment & Treatment Center (ATC)

This center was established to support our patients with urgent but not life-threatening symptoms that arise between appointments, after hours or on weekends. Not a walk-in clinic, patients should contact their Roswell Park treatment center who can refer them to the ATC for assessment and treatment by our staff with access to their Roswell Park medical records. If their treatment center is closed, patients should call **716-845-2300**.

WE OFFER ROUTINE  
**SCREENING  
MAMMOGRAPHY**  
— with —  
**DIGITAL BREAST  
TOMOSYNTHESIS**  
to the general public.

## Centers of Excellence

These Roswell Park centers have achieved national and international recognition for meeting superior standards with regard to accreditations, expertise and training, innovation and experience, patient outcomes, research, and quality control.
