The Cancer Coach Program

Talking with someone who has lived with cancer can be comforting and can reduce the sense of anxiety and isolation that a cancer diagnosis may bring.

In the Cancer Coach Program, you have the opportunity to speak with a cancer survivor who knows first-hand the impact of a cancer diagnosis. Our Cancer Coaches are trained and dedicated volunteers who provide support, comfort, and practical information.

You will be matched with a Cancer Coach that best matches your cancer journey based on your diagnosis, cancer, age, and/or gender.
