

## When to Call Dr. Ramkumar's Office

Call us at **716-298-4869** when you have any of these symptoms:

- temperature over 100.4°F (38°C)
- a decreased appetite
- not drinking enough fluids
- uncontrolled diarrhea or constipation
- uncontrolled pain
- difficulty breathing
- chest pain
- extreme fatigue
- numbness or tingling in your hands or feet
- mouth sores
- dizzy spells
- vision or hearing changes while on chemotherapy

We are here to help you. Please let us know how you are feeling so that we can help you get through the treatment process.
