

ROSWELL PARK COMPREHENSIVE CANCER CENTER **QUICK GUIDE to**
VISITATION during **COVID-19**

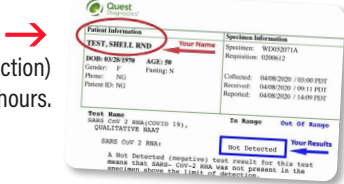

updated:
AUG
29
2022

Visitors coming to see **INPATIENTS** at Roswell Park must show proof of vaccination for COVID-19 or a recent negative PCR COVID-19 test

ACCEPTABLE FORMS OF PROOF

Negative PCR (polymerase chain reaction) test **MUST** be taken within the past 72 hours.

Exceptions will be granted only in rare cases where unusual circumstances are present.

These protocols are necessary to protect Roswell Park's patients, who have weakened immune systems and are at risk for severe impacts if exposed to the virus that causes COVID-19.

INPATIENTS

Inpatients may designate **FOUR (4) VISITORS TOTAL**. **TWO (2)** visitors may visit during visiting hours, **TOGETHER OR SEPARATELY**

***VISITING HOURS**
***ALL VISITORS MUST ARRIVE BEFORE 5 P.M.**

Noon – 6 p.m. daily, including weekends and holidays.

Inpatient visitors must first check in at registration (on the right) to get their visitor pass before they get screened.

OUTPATIENTS

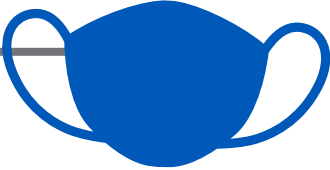

Roswell Park patients coming for outpatient appointments may have **ONE (1) VISITOR ONLY**.

Outpatients and their support person/visitor **MUST GO THROUGH ENTRY SCREENING TOGETHER.**

Outpatients must enter through the center lane (Lane 2) along with their support person to be screened.

MASKING REQUIRED

Masks are required upon entry into hospital and throughout visit. You may remove masks only in order to eat or drink, and maintain distancing of 6 feet from others while doing so.
