SURGICAL ONCOLOGY
CORE CURRICULUM
GRAND ROUNDS
SEPTEMBER-DECEMBER 2012
EDUCATIONAL OBJECTIVES

The Surgical Oncology Core Curriculum Grand Rounds series is designed to provide staff oncologists, residents, fellows, and Western New York community physicians with current information in cancer prevention, early cancer diagnosis and state-of-the-art treatment modalities.

Following the program, participants should be able to:

• Describe current information in cancer prevention, early diagnosis and state-of-the-art treatment modalities.
• Translate new basic research into clinical application.
• Identify and maintain multidisciplinary relationships and information needed to provide quality patient care.
• Understand the role of outcomes research in improving the quality of solid tumor cancer patient care.

LOCATION

The Surgical Oncology Core Curriculum/Grand Rounds lecture series will be presented in the Gaylord/Cary Meeting Rooms, located on the first floor of the Research Studies Center at Roswell Park Cancer Institute, Elm and Carlton Streets, Buffalo, New York 14263. Telephone: (716) 845-5738.
