## ABOUT ELNEC

The End-of-Life Nursing Education Consortium (ELNEC) project is a national and international education initiative to improve palliative care. Since 2000, ELNEC is a collaboration between City of Hope, Duarte, CA and the American Association of Colleges of Nursing (AACN), Washington, DC. The project, administered by City of Hope, provides nurses with training in palliative care so they can teach this essential information to nursing students, practicing nurses and other healthcare professionals.
