

 ROSWELL PARK <small>COMPREHENSIVE CANCER CENTER</small>	Roswell Park Comprehensive Cancer Center Policy and Procedure	Date Issued: 11/1/1995	Number: 1102.1
Title: Managing Conflicts of Interest in Research	Revision: 14	Effective Date: 1/5/2021	
Prepared by: Corporate Ethics	Approved by: Michael B. Sexton, General Counsel		Page: 1 of 11

A. GENERAL STATEMENT OF POLICY

To comply with federal and state requirements pertaining to the maintenance of ethical standards, particularly regarding the design, conduct and reporting of research, Roswell Park Comprehensive Cancer Center/Health Research Inc., Roswell Park Division (collective "Roswell Park") provides education, receives and evaluates employee disclosures of financial interests, manages associated conflicts of interest and, where appropriate, provides associated reports to the federal government.

Compliance with the regulations is to assure a reasonable expectation that the design, conduct and reporting of the research will be free from bias resulting from conflicts of interest.

B. SCOPE

This policy and procedure applies to all Roswell Park staff and students involved in the design, conduct or reporting of research funded by the Public Health Service of the Department of Health and Human Services (PHS) as well as Roswell Park employees subject to Joint Commission On Public Ethics reporting requirements under NY Public Officers Law section 73(a).

C. ADMINISTRATION

This policy and procedure will be administered by the Corporate Ethics Officer and Roswell Park's Conflicts of Interest Committee (COIC).

D. CROSS-REFERENCE TO RELATED ROSWELL PARK POLICIES

1. "Outside Activity" Policy ([Policy #218.1](#)) and "Standards for Vendor Relationships and Interactions ([Policy 812.1](#)) All Roswell Park employees are encouraged to review Roswell Park [Policy 218.1](#) and Roswell Park [Policy 812.1](#) prior to engaging in any activity which may interfere or be in conflict with the proper and effective performance of the employee's duties and responsibilities at Roswell Park or assumes or usurps an opportunity that should rightly belong to Roswell Park. Roswell Park employees interested in engaging in outside activities or seeking outside employment should submit Outside Employment Applications under [Policy 218.1](#).
2. "Roswell Park Comprehensive Cancer Center Corporate Code of Conduct" Policy ([Policy #125.1](#)) Under Roswell Park [Policy #125.1](#), Principle 2 – "Legal Compliance," "All members of the Roswell Park workforce are required to comply with all applicable laws, whether or not specifically addressed in these policies." Roswell Park [Policy #125.1](#), Principle 5 – "Conflicts of Interest" addresses certain Conflict of Interest considerations in Sections 5.1 (Outside Financial Interests),

5.2 (Services for Competitors/Vendors), 5.3 (Participation on Boards of Directors/Trustees) and 5.4 (Academic Honoraria and Outside Honoraria).

E. POLICY / PROCEDURE

1. Definitions

- a. "Financial Interest" means anything of monetary value, whether or not the value is readily ascertainable.
- b. "Reportable Non-SFI Interest" or "RNFI" means any interest that is not a Significant Financial Interest but may reasonably be expected to bias the design, conduct or reporting of Roswell Park research, such as, for example, where an Investigator or their spouse or child serves as an uncompensated board member for an entity that funds or advocates for the treatment related to the Investigator's research.
- c. "Investigator" means the project director or principal investigator and any other person, regardless of title or position, who is responsible for the design, conduct, or reporting of research funded by the Public Health Service (PHS) (e.g., NIH), or proposed for such funding, which may include, for example, collaborators or consultants.
- d. "Key Personnel" means the project director or principal Investigator of a PHS-funded research project and any other person identified as senior/key personnel by Roswell Park in the grant application, progress report, or any other report submitted to the PHS by Roswell Park.
- e. "Significant Financial Interest" ("SFI") means
 - i. A financial interest consisting of one or more of the following interests of the Investigator (and those of the Investigator's spouse and dependent children) that reasonably appears to be related to the Investigator's institutional responsibilities:
 - With regard to any publicly traded entity, a Significant Financial Interest exists if the value of any remuneration received from the entity in the twelve months preceding the disclosure and the value of any equity interest in the entity as of the date of disclosure, when aggregated, exceeds \$5,000. For purposes of this definition, remuneration includes salary and any payment for services not otherwise identified as salary (e.g., consulting fees, honoraria, paid authorship); equity interest includes any stock, stock option, or other ownership interest, as determined through reference to public prices or other reasonable measures of fair market value;
 - With regard to any non-publicly traded entity, a Significant Financial Interest exists if the value of any remuneration received from the entity in the twelve months preceding the disclosure, when aggregated, exceeds \$5,000, or when the Investigator (or the Investigator's spouse or dependent children) holds any equity interest (e.g., stock, stock option, or other ownership interest); or
 - Intellectual property rights and interests (e.g., patents, copyrights), upon receipt of income related to such rights and interests; or
 - ii. any reimbursed or sponsored travel (i.e., that which is paid on behalf of the Investigator and not reimbursed to the Investigator so that the exact monetary value may not be readily available), related to their institutional responsibilities; provided, however, that this disclosure requirement does not apply to travel that is reimbursed or sponsored by a federal, state, or local government agency, an Institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an Institution of higher education.

- iii. Significant Financial Interest **Does NOT** include the following types of financial interests: salary, royalties, or other remuneration paid by Roswell Park to the Investigator if the Investigator is currently employed or otherwise appointed by Roswell Park, including intellectual property rights assigned to Roswell Park and agreements to share in royalties related to such rights; any ownership interest in the Institution held by the Investigator, if the Institution is a commercial or for-profit organization; income from investment vehicles, such as mutual funds and retirement accounts, as long as the Investigator does not directly control the investment decisions made in these vehicles; income from seminars, lectures, or teaching engagements sponsored by a federal, state, or local government agency, an Institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an Institution of higher education; or income from service on advisory committees or review panels for a federal, state, or local government agency, an Institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an Institution of higher education.
- f. "Financial Conflict of Interest" ("FCOI") means a Significant Financial Interest that could directly and significantly affect the design, conduct, or reporting of PHS-funded research.
- g. "Conflict of Interest" or "COI" means a Significant Financial Interest that could directly and significantly affect the design, conduct, or reporting of PHS-funded research or other significant interest of an Roswell Park employee that could be reasonably perceived as biasing such employee's discharge of their responsibilities at Roswell Park.

2. Disclosure to ROSWELL PARK of SFIs and RNFI's

Roswell Park employees must disclose potential RNFI's and Financial Interests that may be SFIs to Roswell Park in a number of situations. Instances also arise where Roswell Park identifies employee potential RNFI's or Financial Interests that may be SFIs.

- a. Every Investigator must disclose to Roswell Park their potential RNFI's and Financial Interests that may be SFIs as follows:
 - i. At least annually (prior to April 15 of each year within [Conflicts of Interests Form A](#) submitted to the Office of Research Subject Protection (ORSP)) [*Note: Individuals subject to reporting obligations under NY Public Officer's Law section 73(a) who are not Investigators also have Conflicts of Interests Form A reporting obligations*];
 - ii. Prior to applying for human subject research ([Supplemental Disclosure Form](#) submitted through Clinical Research Services (CRS));
 - iii. Prior to submitting an application for research funding ([Form DOH-3995](#) submitted to the Director of HRI); and
 - iv. Within thirty (30) days of discovering or acquiring (e.g., through purchase, marriage, or inheritance) a new potential SFI (File an updated version of the above noted forms).
- b. Instances where potential RNFI's and Financial Interests that may be SFIs are identified by Roswell Park, other than via disclosures made under section E.2.a., comprise:
 - i. [Outside Employment Application](#) (OEA) review by Roswell Park's Outside Employment Committee (OEC);
 - ii. Review of Human Studies "Attachment B" information by Roswell Park;
 - iii. Review of Privately funded human studies information by Roswell Park;
 - iv. Company interactions with Roswell Park's General Counsel's Office or Tech Transfer Office;

- v. Roswell Park grant administration review of grant related information (e.g., SBIR/STTR sub-award enters Phase II); and
 - vi. Roswell Park Corporate Compliance Office or other compliance function receives a confidential report of a Financial Interest. *(Recognizing the importance of preserving the confidentiality of the identity of individuals submitting reports to the Corporate Compliance Office or other compliance functions, ORSP staff will coordinate with the Corporate Compliance Office and carry out its efforts under the applicable COI Process Categories in a manner that as fully as practically possible preserves the confidentiality of the individual who submitted the report.)*
- c. Financial Interests that may be SFIs and potential RNFIs identified by Roswell Park, other than under section E.2.a., shall be treated similarly to those identified under section E.2.a.

3. Roswell Park's Review and identification of Potential SFIs, RNFIs FCOIs and other COIs

Review Process. Roswell Park's Chief Clinical Operations Officer, Corporate Ethics Officer or designee(s), in conjunction with Roswell Park's Conflicts of Interest Committee (COIC) shall promptly review submitted or identified potential RNFIs and Financial Interests that may be a SFI to determine (i) whether a SFI exists, and, if so, whether a FCOI exists, and (ii) whether a RNFI exists and, if so, whether a COI other than a FCOI exists.

- a. Roswell Park's Ethics Officer, or designee(s), shall promptly evaluate
 - i. Whether there is a reasonable likelihood that a Financial Interest is a SFI, and, if so, whether there is a reasonable likelihood that such potential SFI may constitute a FCOI.
 - ii. Whether there is a reasonable likelihood that a Financial Interest or potential RNFI is a RNFI, and, if so, whether there is a reasonable likelihood that such potential RNFI may constitute a COI.
- b. When a Financial Interest is determined to have a reasonable likelihood of being a SFI constituting a FCOI, such potential SFI and FCOI shall be submitted to Roswell Park's COIC. Such submission to the COIC may be accompanied by a proposed FCOI management plan for consideration by the COIC.
- c. When a Financial Interest or potential RNFI is determined to have a reasonable likelihood of being a RNFI and constituting a COI (other than a FCOI), such potential RNFI and COI shall be submitted to Roswell Park's COIC. Such submission to the COIC may be accompanied by a proposed COI management plan for consideration by the COIC.
- d. When a potential SFI and FCOI or potential RNFI and COI is submitted to the COIC, the COIC shall promptly determine whether a SFI, FCOI, RNFI, or COI exists and, if a FCOI or COI is determined to exist, develop and approve a management plan to address such FCOI or COI.
- e. The COIC, Ethics Officer and/or individual(s) designated in this section 3 may involve the researcher/employee in determining whether a potential SFI is related to PHS funded research; whether the potential SFI could be affected by the PHS funded research, or is in an entity whose financial interests could be affected by the research.

f. Timing requirements.

- i. For PHS funded research that has not yet commenced, the review, determination and management plan development and approval process of section E.3., as well as reporting to PHS under section E.7., shall be completed prior to the expending of any PHS funds for the research.
 - ii. For PHS funded research that has already commenced, if a potential SFI is disclosed or identified after, the review, determination and management plan development and approval process of section E.3., as well as reporting to PHS under section E.7., shall be completed, along with preliminary implementation of any associated FCOI management plan(s), within sixty (60) days of the disclosure or identification of such potential SFI.
- g. Small Business Innovation Research (SBIR) Phase I awards and Small Business Technology Transfer (STTR) Phase I awards are exempt from the SFI and FCOI management and reporting requirements under this policy. SBIR Phase II awards and STTR Phase II awards are **NOT** exempt.

4. Determinations of Non-Compliance and Retrospective Reviews

- a. Whenever an instance is identified where there is a reasonable likelihood of non-compliance with this policy (e.g., FCOI is not identified or managed in a timely manner, including failure by the Investigator to disclose a SFI that is determined by the Roswell Park to constitute a FCOI; failure by Roswell Park to review or manage such a FCOI; or failure by the Investigator to comply with a FCOI management plan) Roswell Park shall promptly bring the matter before the COIC for a review and determination regarding non-compliance (e.g., within 60 days).
- b. Whenever non-compliance is identified under section E.4.a. Roswell Park shall complete a retrospective review of the Investigator's activities and the PHS-funded research project to determine whether any PHS-funded research, or portion thereof, conducted during the time period of the noncompliance, was biased in the design, conduct, or reporting of such research.
- c. Roswell Park shall document the retrospective review, and such documentation shall include, but not necessarily be limited to, all of the following key elements:
 - i. Project number;
 - ii. Project title;
 - iii. Key Personnel;
 - iv. Name of the Investigator with the FCOI;
 - v. Name of the entity with which the Investigator has a financial conflict of interest;
 - vi. Reason(s) for the retrospective review;
 - vii. Detailed methodology used for the retrospective review (e.g., methodology of the review process, composition of the review panel, documents reviewed);
 - viii. Findings of the review; and
 - ix. Conclusions of the review.
- d. Timing Requirements. Such determination regarding non-compliance and retrospective review shall be completed by Roswell Park within one hundred and twenty (120) days of identification of the instance of potential non-compliance.
- e. Reporting regarding any non-compliance and retrospective review shall be in accordance with section E.7.a.iii.

5. IRB/IACUC Notifications

If review of any Financial Interest or potential RNFI identifies any information pertinent to any research or clinical studies under review or approved by an Institutional Review Board (IRB) or Roswell Park's Institutional Care and Use Committee (IACUC), such information shall be promptly (e.g. within 24 hours) provided to such IRB or IACUC for appropriate action.

6. Management Plans for FCOIs and other COIs

When Roswell Park's evaluation of Financial Interests that may be SFIs and RNFIs results in a determination by the COIC that SFIs or RNFIs exist and constitute a FCOI or other COI, Roswell Park shall develop management plans to eliminate or otherwise manage the FCOI or other COI, with such management plans being reviewed and approved by the COIC.

- a. Management plans developed by Roswell Park and approved by the COIC (potentially in conjunction with other cognizant committee(s) or review board(s)), whether or not involving research, may include elements of the following, non-inclusive, list of approaches and/or requirements:
 - i. Public disclosure of financial conflicts of interests (e.g., when presenting or publishing the research; to staff members working on the project; to Roswell Park's Institutional Review Board(s));
 - ii. For research projects involving human subjects research, disclosure of financial conflicts of interest directly to participants;
 - iii. Appointment of an independent monitor capable of taking measures to protect the design, conduct, and reporting of the research against bias resulting from the Financial Conflict of Interest;
 - iv. Modification of the research plan;
 - v. Change of personnel or personnel responsibilities, or disqualifications of personnel from participation in all or a portion of the research;
 - vi. Reduction or elimination of the financial interest (e.g., sale of an equity interest);
 - vii. Severance of relationships that create financial conflicts; or
 - viii. Monitoring of involvement of students and postdoctoral appointees by independent reviewers or oversight committees.

** NOTE: Roswell Park employees having an SFI in a company must obtain prior approval from the Institute to serve as lead Principal Investigator in any pre-clinical research funded by such company. Roswell Park employees must submit an application via a memo to the chair of the COIC for review containing a proposed pre-clinical research plan and budget and a disclosure of the employee's interest, by percentage, and position or appointment, if any, with such company.*

- b. In all instances where Roswell Park institutes a management plan pertaining to a FCOI, Roswell Park shall monitor such management plan on an ongoing basis until the completion of the PHS funded research.
- c. In all instances where Roswell Park institutes a management plan pertaining to a COI, other than a FCOI, Roswell Park shall monitor such management plan on an ongoing basis and subject the management plan to additional COIC review at least annually.

7. PHS FCOI Reporting, Disclosure and Record Retention Requirements

- a. Reporting. SFIs that are determined by Roswell Park to create a FCOI relative to the conduct of research funded by the PHS shall be appropriately managed or eliminated, and any such FCOIs shall be reported to PHS through the electronic Research Administration (eRA) Commons Module.
 - i. Standard Reporting. Such reports shall include sufficient information to enable the PHS Awarding Component to understand the nature and extent of the financial conflict, and to assess the appropriateness of Roswell Park 's management plan. Elements of the FCOI report shall include, but are not necessarily limited to the following:
 - Project number;
 - PD/PI or Contact PD/PI if a multiple PD/PI model is used;
 - Name of the Investigator with the financial conflict of interest;
 - Name of the entity with which the Investigator has a financial conflict of interest;
 - Nature of the financial interest (e.g., equity, consulting fee, travel reimbursement, honorarium);
 - Value of the financial interest (dollar ranges are permissible: \$0-\$4,999; \$5,000-\$9,999; \$10,000-\$19,999; amounts between \$20,000-\$100,000 by increments of \$20,000; amounts above \$100,000 by increments of \$50,000), or a statement that the interest is one whose value cannot be readily determined through reference to public prices or other reasonable measures of fair market value;
 - A description of how the financial interest relates to the PHS-funded research and the basis for Roswell Park 's determination that the financial interest conflicts with such research; and
 - A description of the key elements of Roswell Park 's management plan, including:
 - Role and principal duties of the conflicted Investigator in the research project;
 - Conditions of the management plan;
 - How the management plan is designed to safeguard objectivity in the research project;
 - Confirmation of the Investigator's agreement to the management plan;
 - How the management plan will be monitored to ensure Investigator compliance; and
 - Other information as needed.
 - ii. Timing Requirements.
 - For any SFI disclosed or identified prior to the commencement of PHS funded research, which SFI creates a FCOI, the FCOI report shall be submitted to PHS prior to the expenditure of funds under the PHS award.
 - For any SFI disclosed or identified after the commencement of PHS funded research, which SFI creates a FCOI, the FCOI report shall be submitted to PHS within sixty (60) days of the reporting or discovery of the SFI.
 - iii. Non-Compliance Reporting. If the failure of an Investigator to comply with a Roswell Park 's FCOI policy or a FCOI management plan appears to have biased the design, conduct, or reporting of the PHS-funded research, Roswell Park shall promptly notify the PHS Awarding Component of the corrective action taken or to be taken.
 - Based on the results of any retrospective review, if appropriate, Roswell Park shall update the previously submitted FCOI report, specifying the actions that will be taken to manage the financial conflict of interest going forward.

- If bias is found, Roswell Park is required to notify the PHS Awarding Component promptly and submit a mitigation report to the PHS Awarding Component. The mitigation report must include, at a minimum,
 - the key elements documented in the retrospective review above
 - a description of the impact of the bias on the research project
 - Roswell Park 's plan of action or actions taken to eliminate or mitigate the effect of the bias (e.g., impact on the research project; extent of harm done, including any qualitative and quantitative data to support any actual or future harm; and analysis of whether the research project is salvageable).
 - Thereafter, Roswell Park will submit FCOI reports annually
- iv. Sub-awardee Reporting. If Roswell Park carries out the PHS-funded research through a sub-recipient, Roswell Park (as awardee Institution) shall provide FCOI reports to PHS regarding all FCOIs of all sub-recipient Investigators.
- b. Public Disclosure
- i. This policy shall be made available to the public via posting on Roswell Park's publicly accessible website.
 - ii. Publication requirements regarding Key Personnel's SFIs that are determined to be FCOIs.
 - Prior to Roswell Park 's expenditure of any funds under a PHS-funded research project, Roswell Park shall ensure public accessibility, via a publicly accessible Web site or written response to any requestor within five business days of a request, of information concerning any SFI disclosed to Roswell Park that meets the following three criteria:
 - The SFI was disclosed and is still held by the Key Personnel;
 - Roswell Park determines that the SFI is related to the PHS-funded research; and
 - Roswell Park determines that the SFI is a FCOI.
 - The information that Roswell Park makes available via a publicly accessible Web site or written response to any requestor within five business days of a request, shall include, at a minimum, the following:
 - the Investigator's name;
 - the Investigator's title and role with respect to the research project;
 - the name of the entity in which the SFI is held;
 - the nature of the SFI; and the approximate dollar value of the SFI (dollar ranges are permissible: \$0-\$4,999; \$5,000-\$9,999; \$10,000-\$19,999; amounts between \$20,000-\$100,000 by increments of \$20,000; amounts above \$100,000 by increments of \$50,000),
 - or a statement that the interest is one whose value cannot be readily determined through reference to public prices or other reasonable measures of fair market value.
 - If Roswell Park responds to written requests for the purposes of this subsection, Roswell Park will note in its written response that the information provided is current as of the date of the correspondence and is subject to updates, on at least an annual basis and within 60 days of Roswell Park's identification of a new FCOI, which should be requested subsequently by the requestor.

- Roswell Park shall maintain information concerning the SFI of an individual subject to this sub-section for responses to written requests or for posting via Roswell Park 's publicly accessible Web site for at least three years from the date that the information was most recently updated.
- v. Per Section E.7.a. and E.7.b., reporting and public disclosure requirements shall not apply to SBIR Phase I awards and STTR Phase I awards.
- vi. Record Retention. Roswell Park shall maintain records relating to all Investigator disclosures of Financial Interests and Roswell Park 's review of, and response to, such disclosures (whether or not a disclosure resulted in Roswell Park 's determination of a FCOI) and all actions under Roswell Park 's policy or retrospective review, if applicable, for at least three years from the date the final expenditures report.

8. Contractual Obligations Imposed on Other Institutions, Researchers and Personnel Involved in PHS/NIH Funded Research (e.g., Sub-awards)

- a. PHS sub-award contracts to institutions, Investigators or other personnel outside of Roswell Park shall specify (i) whether the COI policy of the prime awardee Institution or the sub-awardee will apply to the sub-awardee Investigators and (ii) require applicable time periods be adhered to for the transfer of information to meet disclosure and/or FCOI reporting requirements.
- b. For sub-awardee COI policy specified agreements the sub-awardee must be required to notify the prime awardee of FCOIs in sufficient time for the prime awardee to report the FCOIs to NIH in a timely manner.
- c. For prime awardee COI policy specified agreements the sub-awardee must be required to notify the prime awardee of sub-awardee Investigator disclosures of Significant Financial Interests in sufficient time for the prime awardee to review, manage and report identified FCOIs to NIH in a timely manner, and require that sub-awardee comply with the prime awardee's FCOI management plan.
- d. For prime awardee COI policy specified agreements the sub-awardee must be required to present or make available to sub-awardee Investigators education required under 42 CFR Part 50 (Subpart F) [Section 50.604] and certify to the prime awardee and provide documentation that such educational requirements have been completed by sub-awardee Investigators in a timely manner. To aide in this effort the prime awardee may provide to the sub-awardee pre-prepared presentation materials so supplement NIH's training module.
- e. In all cases the prime awardee remains responsible for FCOI reporting to NIH, and, as such, no sub-award agreement may be entered into unless the sub-awardee agrees to contractual language sufficient for Roswell Park to meet its obligations.

9. Enforcement and Sanctions

Roswell Park may take all actions within its power to ensure adequate compliance with and enforcement of this policy, including, without limitation, cancelling of PHS sub-awards, suspension of research privileges, changing employee responsibilities, progressive employee discipline and/or termination of employment.

In any case where the department of U.S. Health and Human Services (HHS) determines that a PHS-funded project of clinical research whose purpose is to evaluate the safety or effectiveness of a drug, medical device, or treatment has been designed, conducted, or reported by an Investigator with a financial conflict of interest that was not managed or reported by Roswell Park as required by this subpart, Roswell Park shall require the Investigator involved to disclose

the financial conflict of interest in each public presentation of the results of the research and to request an addendum to previously published presentations.

10. NIH and JCOPE COI Education and Training Requirements

Federal and State laws require that certain employees receive periodic training relating to conflicts of interests and associated compliance and reporting requirements. PHS related training is required under federal law and pertains to FCOIs relating to research funded by PHS. JCOPE related training is required under New York State law and pertains to certain employees' individual obligation to submit financial and other information directly to NY's Joint Commission On Public Ethics (JCOPE). JCOPE education and training will be offered by the ORSP at Roswell Park. PHS related training is secured by employees through online providers identified by Roswell Park (e.g., CITI (<https://www.citiprogram.org>) or NIH (<http://grants.nih.gov/grants/policy/coi/tutorial2011/fcoi.htm>) and personnel completing such online courses must print the certificate of completion and provide it to Roswell Park's Grants Office.

- a. PHS education and training is required for Investigators (individuals responsible for the design, conduct or reporting of research) and must be undertaken prior to engaging in PHS funded research, at least every four years, and immediately when:
 - i. Roswell Park's Financial Conflicts of Interest policies change in a manner that affects Investigator requirements;
 - ii. An investigator is new to Roswell Park; or
 - iii. Roswell Park finds that an Investigator is not in compliance with Roswell Park's Financial Conflicts of Interest policy or management plan.
- b. JCOPE – Under NY Executive Law section 94(10) a two hour education and training program is required for individuals subject to the reporting requirements of NY Public Officers Law section 73(a), with an additional 90 minute education and training program to be completed at least every three years thereafter. Section 73(a) of the NY Public Officers Law applies to Roswell Park employees holding positions designated by Roswell Park as policy-making or making in excess of \$88,256 per year as of April 1, 2010.
- c. Employees' JCOPE reporting is separate and distinct from Roswell Park's reporting requirements pertaining to Significant Financial Interest(s) under this policy. Questions about NIH and JCOPE education and training requirements may be directed to Roswell Park's Office of Research Subject Protection (ORSP).

11. Conflicts of Interest Committee Structure

- a. Roswell's President/CEO shall appoint an Institutional Conflicts of Interest Committee (COIC) to oversee and administer this policy and to support adherence to ethical principles in the design, conduct, reporting and funding of research and other activities at Roswell Park. The COIC shall be composed of not less than ten (10) individuals. At least four (4) COIC members shall be faculty members chosen from the Ph.D. faculty at Roswell Park, one (1) of whom shall be from the Department of Prevention and Population Sciences, and at least (3) COIC members shall be physician members of the faculty. One (1) COIC member shall be an attorney licensed to practice law in the State of New York. A Chairman shall be appointed by and shall serve at the pleasure of Roswell Park's President/CEO.
- b. Each COIC member shall serve a two (2) year term, which can be renewed. Membership terms shall be staggered. For meetings, a quorum of not less than six (6) members is required, and actions may be taken by vote of a majority of those members present at a meeting where a quorum of members is present. At least one (1) staff member from the Office of Research Subject Protection will be present at each COIC meeting, where

practicable, to record the actions of the COIC, and to facilitate communications between the COIC and IRB. In addition to regular meetings, at the discretion of the COIC Chairman matters may be brought before the COIC electronically (e.g., via e-mail or web access) and voted upon and resolved electronically provided that the number of members' electronic votes constitute a quorum and the actions taken are by a majority vote of those members voting.

F. DISTRIBUTION

This Policy and Procedure will be distributed to all Roswell Park Managers via the Roswell Park internal web page and to holders of backup hard copies of the manual. Managers are responsible for communicating policy content to pertinent staff.
