Attendance:

Don't forget to sign in!

Discussion Question of the Day

Although not recognized by Webster as a legitimate word in the dictionary, have you heard of the term "Stomaversary"?

- ❖ How have you celebrated your accomplishments with your stoma?
- * What supportive services, if any, did you wish you had within your first year of ostomy creation?
- ❖ What were your expectations of your stoma prior to your surgery? Did your experience with your stoma deviate?
- * How did you feel about your pre-operative teaching visit with your Ostomy Nurse?
- ❖ What activities have you successfully resumed now having healed from your ostomy creation?
