### *Caregiving is hard work!*

Many caregivers face stress it seems from every angle and at times it can feel unbearable. Caregivers are urged to find solace and relationship building with other caregivers.

Caregiving support can offer many advantages such as exploring and maintaining the needs of the caregiver while simultaneously meeting the needs of your loved one; observing and celebrating special milestones; and strengthening relationships.

We invite you to our safe space where caregivers will connect with other caregivers to unload their struggles and find support in a relaxed setting. The program will offer holistic support through shared conversation and techniques to meet the diverse needs of all participants.

Though attendance to the program is free of charge, the exchange of information will be invaluable!

Sincerely,  
**Rev. Dr. Melody Rutherford, Director  
Spiritual Care Department**
