

*We are*  
**ROSWELL PARK**

2025

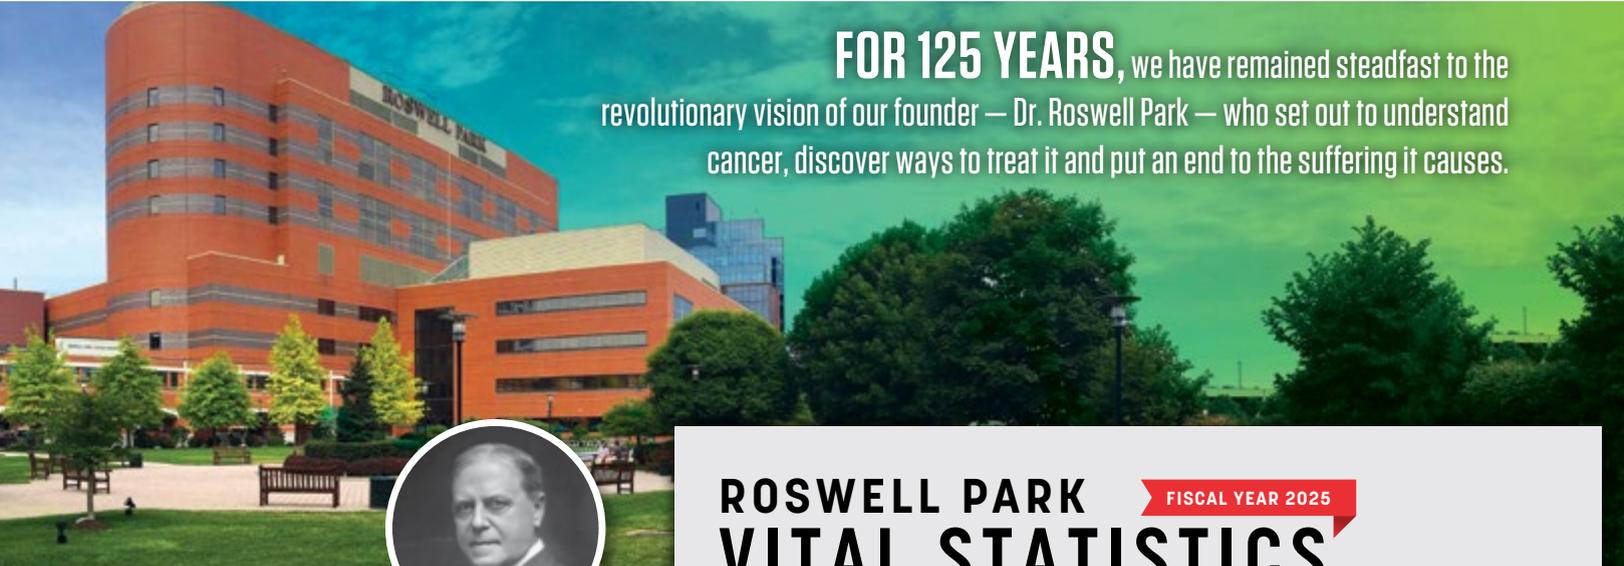

ONE TEAM. ONE VISION.

**ROSWELL  
PARK**<sup>®</sup>

COMPREHENSIVE CANCER CENTER

# Roswell Park, the *NATION'S First* CANCER CENTER

**FOR 125 YEARS**, we have remained steadfast to the revolutionary vision of our founder — Dr. Roswell Park — who set out to understand cancer, discover ways to treat it and put an end to the suffering it causes.

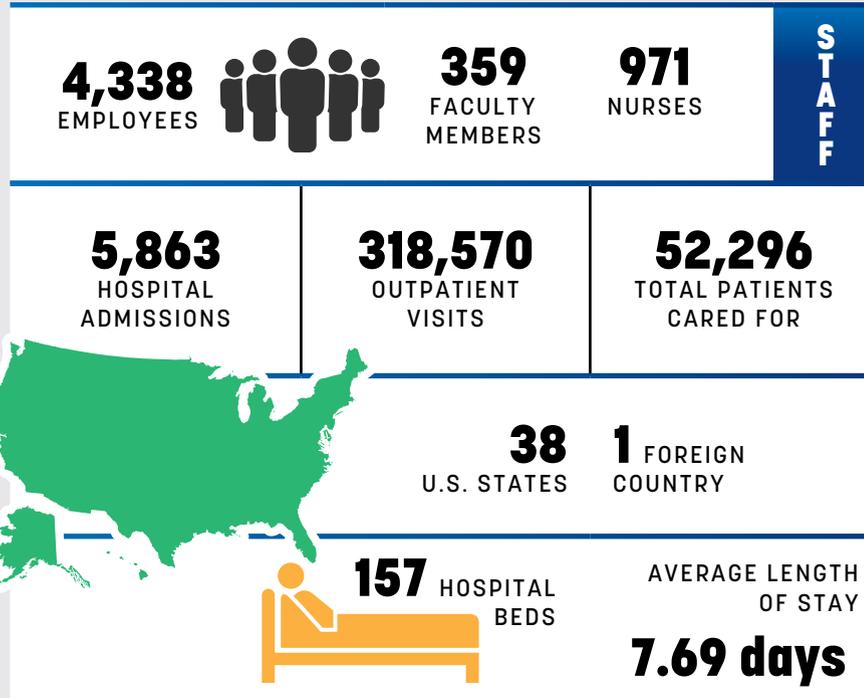

Founded in 1898, Roswell Park Comprehensive Cancer Center was the first institution in the world to focus exclusively on cancer research. Eminent surgeon, Dr. Roswell Park, sought to create a powerful force against cancer by bringing together the knowledge and skills of pathologists, chemists, biologists, surgeons and other experts — all in one center.

That vision has fueled more than a century's worth of medical discoveries and breakthroughs. Among the first to be designated a comprehensive cancer center by the National Cancer Institute, we pioneered the standard for today's multidisciplinary approach to cancer care, scientific research and the development of new therapies and technologies.

Today, we set ourselves apart as a leader in transplant and cellular therapies, personalized medicine, cancer vaccines, immunotherapy and robotic surgery.

## ROSWELL PARK VITAL STATISTICS FISCAL YEAR 2025

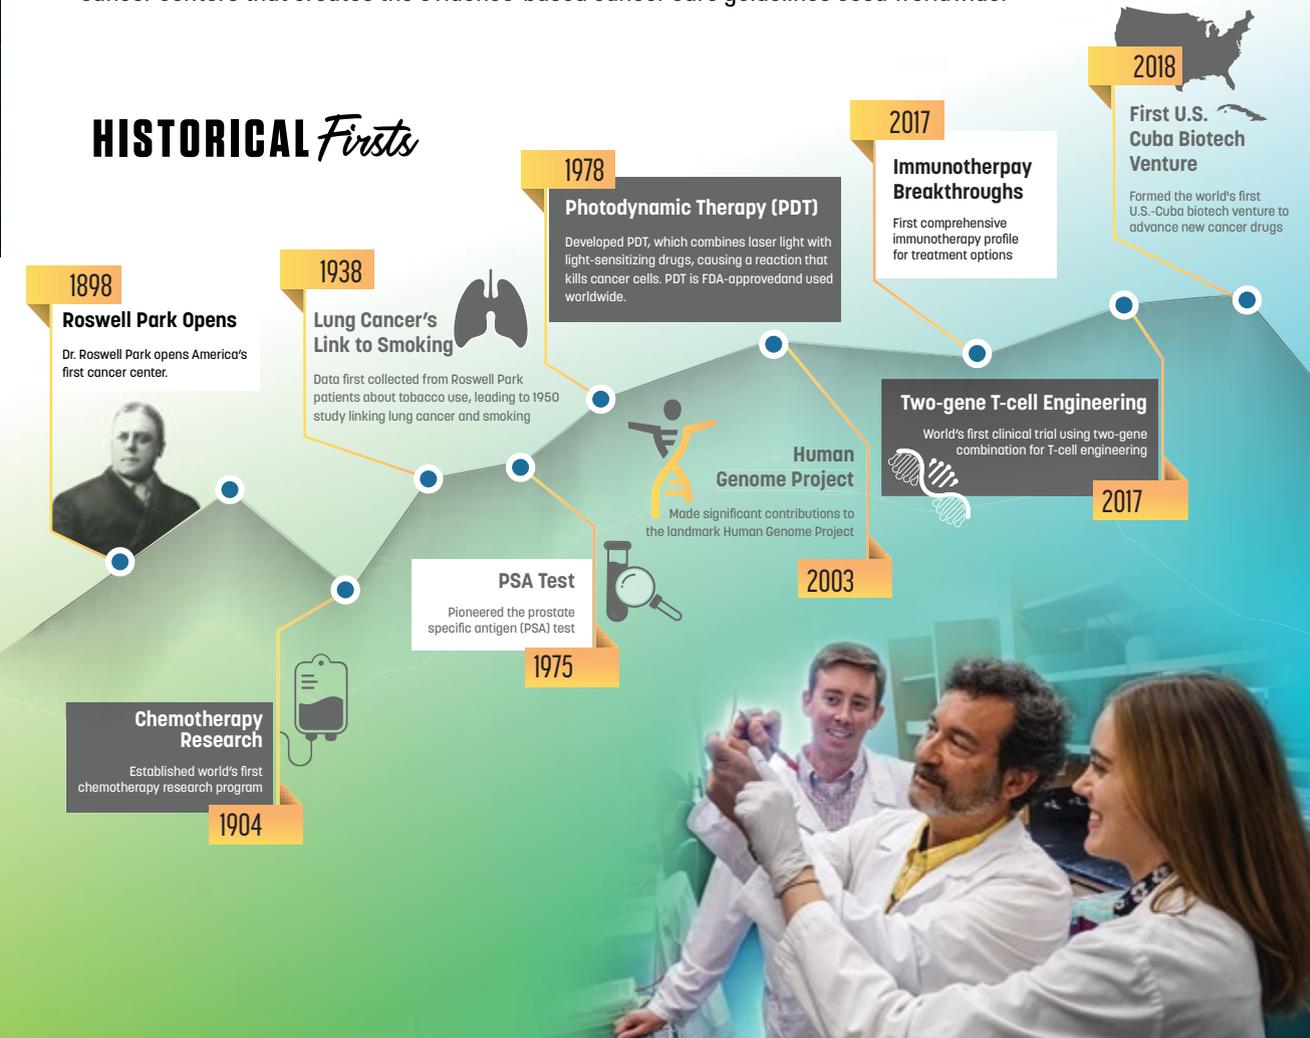

## KEY DISTINCTIONS

A comprehensive cancer center **designated by the National Cancer Institute (NCI)**, earned by less than 4% of cancer centers in the nation. Our recent renewal achieved our highest score ever and the best possible rating from the NCI — **EXCEPTIONAL**.

A founding **member of the National Comprehensive Cancer Network (NCCN)**, a prestigious alliance of leading cancer centers that creates the evidence-based cancer care guidelines used worldwide.

CONTACT INFORMATION

# Roswell Park, a *Leader* in **QUALITY CANCER CARE**

Roswell Park practices a patient-centered, multidisciplinary approach where a team of cancer experts — including surgical, medical and radiation oncologists alongside oncology nurses — participates in every patient's care, all under one roof. Patients are treated in disease-site specific, clinical care centers.

## COMPREHENSIVE, INTEGRATED CARE

At Roswell Park, we treat the whole patient, not just their cancer. An array of allied clinical and supportive services are integrated into every patient's personalized care plan, and may include:

- Nutrition
- Rehabilitation therapy
- Lymphedema care
- Pain and palliative care
- Dentistry and maxillofacial prosthetics
- Plastic and reconstructive surgery
- Genetic testing and counseling
- Psychosocial services
- Fertility preservation

## SURROUNDED WITH SUPPORT

Our vast supportive services represent our holistic approach to optimal quality of life and outcomes.

### OUR PROGRAMS INCLUDE:

- Yoga, massage, acupuncture, meditation, reiki and other wellness activities
- Support groups, patient workshops and retreats
- Spiritual care
- Pet, art and music therapy
- Survivorship center for patients who have completed active treatment
- Resource center for education materials, hats, wigs, wellness activities
- Salon to provide expert haircuts, head shaves, wig styling and more for patients experiencing cancer-related hair loss

## Access to Clinical Trials

When you or a loved one has cancer, you need the latest, most promising treatment today. Enrolling in a clinical trial offers earliest access to the newest treatment approaches, drugs and other options, months or even years before they become widely available. Our robust portfolio of clinical trials offers patients access to more options for treatment and hope.

As many as **50%**  of Roswell Park Patients ARE ELIGIBLE FOR A CLINICAL TRIAL

Roswell Park currently has **300+**  CLINICAL TRIALS ENROLLING PATIENTS

## Expanding Theranostics

Theranostics is a rapidly growing front in the fight against cancer. This approach uses the latest methods and tools of diagnostic testing to discover features of a person's cancer that make it treatable with new radiopharmaceuticals. Roswell Park's new Theranostics Center significantly expands the number of patients we can serve with these innovative, outpatient treatments.

## Pioneering Cellular Therapies

Recent breakthroughs in the field of immunotherapy find Roswell Park uniquely poised to expand and accelerate our ability to bring game-changing cellular therapies to the patients who need them.

We offer patients the latest approved options in T-cell therapies, such as chimeric antigen receptor (CAR) T-cell therapy and tumor-infiltrating lymphocyte (TIL) therapy and next generation cell therapies in clinical trials.

ROSWELL PARK HOUSES NEW YORK STATE'S **FIRST**

**CELL and GENE THERAPY HUB**

to develop life-saving technologies and innovative engineered cell treatments.

## GMP Engineering & Cell Manufacturing Facility

Cell therapy requires the ability to engineer and manufacture therapeutic cells in a sophisticated, dedicated facility built for that purpose. Few centers across the country were involved in cell-based cancer treatments at any level when we opened our Therapeutic Cell Production Facility with one GMP cell production "clean room" in 2010.

**Today, our facility includes 20 cell production clean rooms!**

Our in-house cell production eliminates the need to rely on external manufacturing partners and helps us to open more clinical trials faster. Patients who need these treatments don't have time to wait.

# A RESEARCH Powerhouse

WITH MORE THAN A CENTURY OF **GROUNDBREAKING RESEARCH**, Roswell Park commits intellectual capital and necessary resources to convert scientific discoveries into real-world products and applications, bringing novel therapies to more patients sooner.

Today, Roswell Park drives innovative cancer research in genetics, cell stress and immunotherapy, leading to new personalized treatments.

## RESEARCH AT OUR CENTER HAS LED TO:

**14 BIOTECH SPINOFF COMPANIES**  
and affiliates to share our discoveries with the world

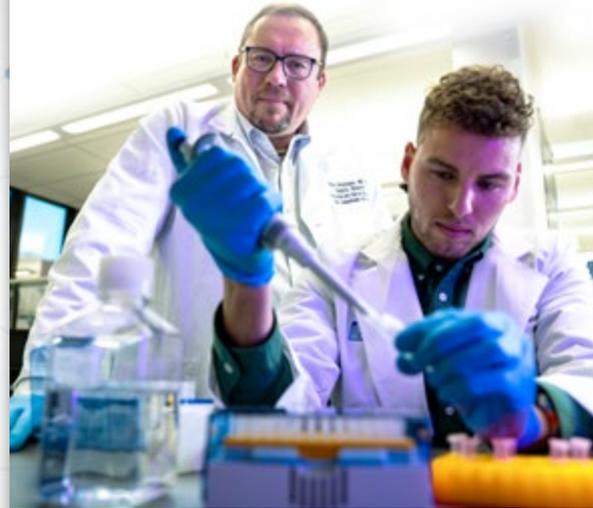

**STRATEGIC PARTNERSHIPS**  
with investigators and centers around the world

**A CLINICAL RESEARCH CENTER**  
specifically for our investigator-initiated phase I clinical trials program

**FIRST-EVER U.S. CLINICAL TRIALS**  
of CIMAvax, a lung cancer immunotherapy developed in Cuba

## Harnessing the Immune System

Roswell Park was one of the first in the nation to combine research laboratories, state-of-the-art cell manufacturing and patient care into one immunotherapy program designed to bring the latest immunotherapies from the lab to the patient quickly.

### HIGHLIGHTS OF OUR WORK INCLUDE THESE APPROACHES:

- Adoptive cell therapy
- Cancer stem cells
- Monoclonal antibodies
- Cancer vaccines
- Genetic signatures
- Immunomodulation
- Microenvironment
- Oncolytic virotherapy
- T-cell receptor (TCR) discovery

## Major Research Programs

Just as our clinical care teams include physicians from multiple medical disciplines, faculty from across our clinical and scientific departments collaborate in these multidisciplinary research programs:

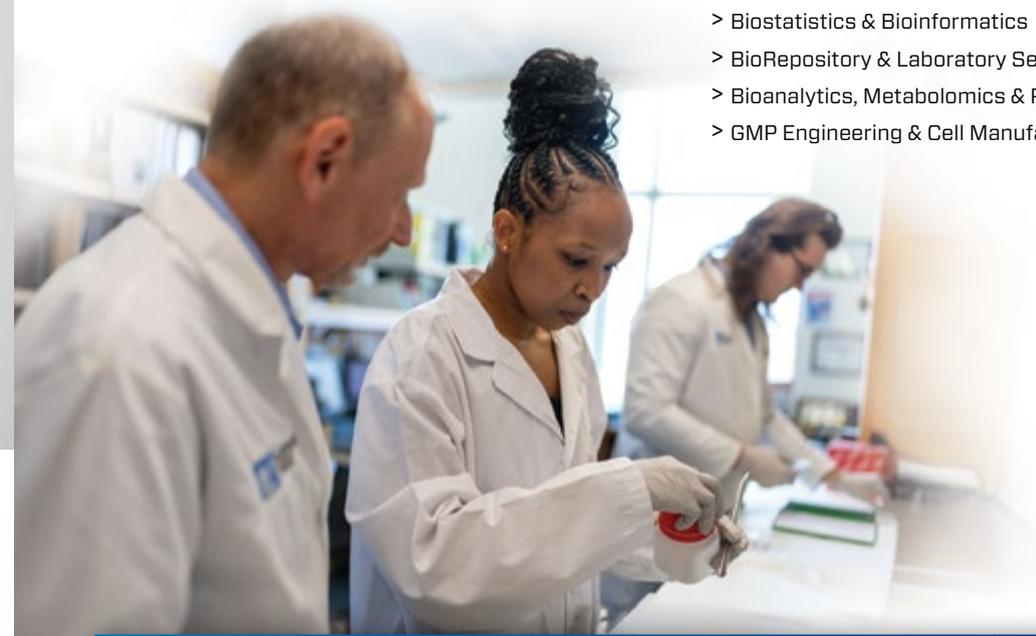

- > Cancer Stress Biology
- > Developmental Therapeutics
- > Population Sciences
- > Tumor Immunology and Immunotherapy

THESE FOUR RESEARCH PROGRAMS FORM THE FOUNDATION OF ROSWELL PARK'S CANCER CENTER SUPPORT GRANT, AWARDED BY THE NATIONAL CANCER INSTITUTE AND FUNDED CONTINUOUSLY SINCE 1974.

## Shared Resources

Our faculty have access to more than 20 specialized research support laboratories with cutting-edge technology, including:

- > Genomics
- > Flow & Immune Analysis
- > Biostatistics & Bioinformatics
- > BioRepository & Laboratory Services
- > Bioanalytics, Metabolomics & Proteomics
- > GMP Engineering & Cell Manufacturing Facility

## Training the next generation of cancer experts

With world-renowned faculty and alliances with local and regional high schools, colleges and universities, Roswell Park provides specialized training, education and certification programs in several oncology and related fields:

- > Clinical training of residents and fellows
- > Allied health baccalaureate and professional training
- > Predoctoral, master's and postdoctoral training in basic and translational cancer biology
- > Public and professional education about cancer
- > Advanced training in oncology nursing
- > Ethics in basic and clinical research
- > Continuing medical education for physicians and dentists
- > Summer research experiences for high school, college and medical students
- > Cancer prevention for the general public

CONTACT INFORMATION

# Improving **EARLY DETECTION** and **ACCESS** to Cancer Care

## INVESTING IN **POPULATION HEALTH** AND **CANCER PREVENTION**

Roswell Park devotes significant resources to research in epidemiologic and population science with the goal of decreasing cancer morbidity and mortality by:

- > Identifying factors that affect cancer risk and prognosis, such as health disparities, access to screening and care, and biologic, genetic and lifestyle factors.
- > Developing interventions to prevent cancer.

## *Caring* for our neighbors

Our community outreach and engagement efforts continue to improve access to cancer services among unrepresented communities. Team members share information tailored to the needs of specific populations through focused, multilingual programs at community partner organizations in medically underserved communities.

### THESE EFFORTS INCLUDE:

- > Addressing cancer health disparities
- > Cancer screening center
- > Smoking cessation hotline
- > Genetic screening
- > Cancer registries
- > High-risk early detection and surveillance programs
- > World Trade Center Health Program for 9/11 first responders
- > First responders cancer screening program
- > Indigenous and rural patient navigation program

Roswell Park recently opened the **Community Outreach & Engagement Center**, to house services focused on advancing health equity and improving health outcomes for communities across Western New York, including cancer awareness, educational programs, navigation to cancer screening, financial wellness programming and space for community gatherings.

**CANCER** *Screening* **CENTER**

This distinctive center — **open to the public** — brings our expertise in population health and cancer detection to our community, **before they need cancer care.**

### OUR CENTER OFFERS:

- > Cancer screening consultations to provide clinical examination of mouth, throat, thyroid, breasts, lymph nodes, abdomen and rectum and determine an individual's personal cancer risk and which screening tests are needed
- > Appointments and referrals for the screening tests you need
- > Health insurance assistance for screening exams and tests with no out-of-pocket costs
- > Connection to other Roswell Park experts who provide surveillance and preventive options, genetic testing or cancer care if needed

## Cancer Prevention & Early Detection

REDUCING THE  
CANCER BURDEN  
ON INDIGENOUS  
PEOPLES  
EVERYWHERE

### Investing in Indigenous Health

Roswell Park's Department of Indigenous Cancer Health, the first of its kind at an NCI-designated cancer center, is dedicated to Indigenous cancer research, services and health equity.

## MOBILE SCREENING CENTER

### EARLY DETECTION DRIVEN TO YOU (EDDY) GOES ON THE ROAD

Getting timely cancer screenings for lung, breast and prostate cancers detect these cancers at earlier and easier-to-treat stages.

Roswell Park's mobile cancer screening center outfitted with advanced screening technology, and funded by the State, brings life-saving lung, breast and prostate cancer screening to New Yorkers who need it most, especially medically underserved, diverse populations and first responders like firefighters.

IN THE *Past 6 Years*, Roswell Park reached more than **70,000 COMMUNITY MEMBERS** through evidence-based efforts for people with higher risk of cancer who may not interact with prevention and early detection resources without this continued, purposeful outreach.

From 2020 - 2024, Roswell Park screened more than **55,000 people** for **BREAST, LUNG, COLORECTAL** and **PROSTATE CANCERS.**

## OUR PLAN FOR THE FUTURE

Roswell Park has always had a vision to keep advancing the organization. Our strategic plan unifies all the projects and initiatives across our center under one vision, ensuring we work together toward a common goal.

Our strategic objectives include:

We are proud to be recognized as an **LGBTQ+ Healthcare Equality Leader** on the Human Rights Campaign Foundation's Healthcare Equality Index (HEI) 2025 and to be named to **Forbes' 2025 list of America's Best Employers by State**, **Becker's Hospital Review 150 Top Places to Work in Healthcare** and the **Forbes' 2024 lists of America's Best Employers for Women and for Diversity**.
