It's hard to take care of
yourself when there are more
pressing matters demanding
your attention.

Through our Medical-Legal
Partnership with Roswell Park,
NLS helps patients to overcome
barriers and achieve their best
health outcome.

Our services are available for
financially-eligible patients,
caretakers or loved ones of Roswell
Park in Erie, Niagara, Genesee,
Orleans, and Wyoming Counties.

*Financial eligibility is based on
federal poverty levels and will be
determined at intake.*

Since 1976, NLS' mission has been
to ensure justice through free
legal representation for Western
New York residents who, due to
financial vulnerability, disability,
discrimination, or abuse, require
assistance and protection of their
civil rights.

NLS' mission includes providing
outreach and training services to
underserved populations and the
community agencies that serve
them.
