CHECK-IN

Check-in at the Patient Access Department (Registration) in the lobby, unless you have been instructed to check-in elsewhere. If you need an interpreter, tell the Patient Access staff. Interpreter services are available to help you and your family.

You will be directed on where to go next. If you would like an escort, please ask the Patient Access staff and they will get one of our volunteers to assist you.

FOR SURGERY PATIENTS

If you are having surgery, you can go directly to the 3rd floor, check-in with the Patient Access representative, and have a seat in the waiting area. A nurse will bring you to the pre-op area and begin your preparation for surgery. Your family will remain in the waiting room. The nurse will take your vital signs and review your medical history, medications, and allergies. An IV (an intravenous tube placed in a vein in your arm) will be started.

Once you are fully prepped for surgery, a staff member will bring your family back to the pre-op area to see you. Only 2 visitors, ages 12 years or older, are allowed at a time. Give any valuables to your family at this time for safekeeping during your surgery. There are also lockers available for use.

While You Are in Surgery

Your family will be directed to the surgical waiting area on the 3rd floor.

Some families may receive a pager, when available. The pager will provide your family with updates on your status from the Operating Room. If your family needs to leave the surgical waiting area, they should notify the staff before they go. Volunteers are also stationed on 3 West to assist with directions and amenities.
Here are a few things to know that will make your stay with us more comfortable. And of course, should any other questions arise, don’t hesitate to ask.

**YOUR HOSPITAL ID BAND**

Every patient will receive an ID band when admitted. This band will contain your personal medical information. It’s an important safety measure in many aspects of your care, so please be sure to keep the band on at all times.

**PAIN RELIEF**

Don’t hesitate to let your nurses know if you are in pain or if you have an uncomfortable reaction to your pain medication. Relieving or decreasing your pain is an important part of your recovery and our staff will work with you to make sure you are as comfortable as possible.

**YOUR MEDICATIONS**

All your medications will be provided while you are admitted, including medications you would normally take at home. Please do not bring any medications from home. Talk to your nurse about any questions you have about your medications.

**ROOM SERVICE DINING**

We are pleased to be able to offer hotel-style room service for your meals during your stay at Roswell Park. You will be able to eat what you want, when you want.

Upon admission, you will receive a copy of our Patient Room Service Menu. When you are ready to place your order, dial “DINE” (3463) on your room phone or 716-845-3463 using an outside line. We will assist you with your menu selections and ensure that any therapeutic diet needs, ordered by your physician, will be met. Meals are made-to-order and will be delivered within 30 minutes. You and your family members also have the added flexibility of ordering meals in advance or requesting a specific delivery time.
Visiting friends and family may purchase a guest meal voucher in the Sunflower Café, located on the 1st floor of the main hospital. These vouchers have no expiration date and you may purchase as many as you need. The guest meal order may be placed by calling the same number used for ordering patient meals. The guest meal will be delivered to the patient’s room and the host or hostess will collect the meal voucher at that time.

**BATHING**
If you would like to bathe or take a shower during your stay, please talk to your nurse and make sure to follow his or her instructions.

**FALL PREVENTION**
Your wellness is our primary concern. Falls are a leading cause of injury in hospitals. **Please ask us for help getting in or out of bed.** We are here to help and only seconds away. Here are some other tips to help keep you safe while in the hospital:

- Use your call light to alert us if you have fallen, feel unsteady, light-headed, dizzy, or weak.
- After reclining for a long time, be sure to sit up for a few minutes before you stand. It will help minimize any feelings of dizziness.
- Wear your glasses when needed to help you see your surroundings better.
- Wear shoes with non-skid soles and avoid floppy slippers, bare feet, or loose stockings.
- Keep items you use often within reach.
- Be careful when walking with your IV pole.

CALL SO YOU DON’T FALL
PREVENTING PNEUMONIA

You play an important role in helping to prevent pneumonia after surgery. Breathing exercises, physical activity, and lying with your head elevated help to keep your lungs clear. Proper oral care keeps germs from building up in your mouth and moving into your lungs. The following may help you remember the important steps you can take to prevent pneumonia:

I COUGH
- Incentive spirometer
- Cough and deep breathing
- Oral care (chlorhexidine mouthwash)
- Understanding (patient education)
- Get out of bed to a chair or walking
- Head of bed elevated

TV AND PHONE

Cable television is available in all patient rooms at no cost. A channel guide is provided at your bedside.

Cell phones are allowed in most areas of the hospital including the lobby areas and waiting rooms on the surgical floors. In patient care areas, please respect the privacy and quiet time of our patients.

LAPTOP LOANS AND POPULAR DVDS

You can borrow a laptop to use while you are in the hospital at no cost. Tell your nurses you would like to borrow a laptop or call our Resource Center directly at 716-845-8659.

The Resource Center also has a library of popular movies and TV shows available for loan at no cost. Your nurses have a list of DVDs available at the nursing station or you can call 716-845-8659 for more information.
Our priority is getting you well, a major part of that is having your loved ones by your side. Here’s some helpful information for your friends and family:

**CHECKING PATIENT STATUS**
During normal business hours, family and friends may get updates on your status by calling your room or the nurses’ station on your floor. They may also call the hospital Information Desk at 716-845-1523 and ask to be transferred to your room or to the nurses’ station on your floor.

After business hours, your family may call the nurses’ station directly or you can call the Central Access Center at 716-845-2300.

**VISITOR POLICY**
We have an open visitor policy and your family and friends are welcome to visit you anytime:

- Family members are welcome to stay overnight, but will be limited to 1 person in the room. Overnight stays in semi-private patient rooms are at the discretion of the nurse manager.
- We ask that you have only 2 visitors at any time. Exceptions to this rule may be approved by the nurse manager.
- On the Pediatric Unit, a parent or designated guardian may stay with the patient at all times.
- The units on the 5th floor, the Pediatric Unit on 6 North, the Intermediate Care Unit and the Intensive Care Unit may have additional criteria for visitors. Please check with your nurse for more information.
VISITOR COURTESY
For the benefit of all our patients we ask visitors to maintain these courtesies. We appreciate your understanding in advance:

• Make visits brief. Patients need rest to recover.
• Remember, the patient may be in pain. Visitors should not sit on the patient’s bed.
• Visitors may be asked to leave the room for nursing or physician examinations.
• If the patient’s door is closed, or if a sign is posted, visitors should check at the nurses’ station before entering.
• Roswell Park recognizes tobacco use as the most important preventable cause of cancer. Therefore, to provide total care to our patients, smoking is prohibited on the entire Roswell Park campus, both indoors and outdoors.

INFECTION PREVENTION
We want to protect our patients from infectious diseases that are easily transmitted from person to person (such as viral infections). Visitors can help us by following these courtesies:

• Everyone should wash or sanitize their hands before and after entering a patient’s room.
• No one should put any lotion, oils, or balms on the patient’s skin at any time.
• All visitors with communicable infectious diseases should refrain from visiting patients. We ask that visitors do not come to Roswell Park if they have an influenza-like illness, which means a fever greater than or equal to 100°F (37.8°C) with cough and/or sore throat in the last 7 days.

Your doctor will determine the best time for you to go home. Before you leave the hospital, your nurse will review the written discharge instructions prepared by your doctor to help you care for yourself at home. Please don’t hesitate to ask the nurse if you have questions or are unclear about any of the instructions.

If you disagree with your discharge plan, you have the right to appeal. Contact your Case Manager at 716-845-5735.

Before you head back home, here’s a list of things you will need to know:

- **Medications:** You’ll receive all the prescriptions you will need. You and your nurse will review the medications your doctor ordered and discuss when and how you are to take them.

- **Homecare:** If your doctor and case manager ordered homecare or other assistance for your return home, the nurse will review the services that will be provided.

- **Your Daily Activities:** Your doctor may have requested that you restrict certain activities for a while, such as taking a bath, driving, or carrying anything that weighs more than 5 pounds. The nurse will review these restrictions with you.

- **Caring for Your Incision/Wound:** The nurse will review instructions on how to clean your incision or change the dressing, and when you can take a shower or a tub bath.

- **Caring for Catheter, Lines, or Tubes:** Catheters, central lines, drains, and tubes have special homecare instructions. Your nurse will review these with you before you leave. Additionally, our case managers are always available to help you with your homecare needs.

- **Rest and Exercise:** Your discharge instructions may specify how and when you are to rest. You may be told to stay in bed for a few days, or to put your feet up when you sit. You also may be asked to perform certain exercises regularly, such as leg or breathing exercises.
• **Diet:** The nurse will inform you if you may return to your normal diet at home or if there is a special diet your doctor wants you to follow. If you need further information or instructions for your special diet, ask your nurse to contact the dietitian.

• **Your Follow-up Visits:** The nurse will give you information on your follow-up visits before you leave.

Once you are home, be certain to follow your doctor’s instructions carefully. You may want to keep a list of questions to ask your doctor at your next scheduled follow-up visit. These Roswell Park staff members will help you with your return home:

• **Case Managers:** Case managers are registered nurses (RNs) responsible for managing and coordinating resources and medical support services to ease your transition from hospital to home. If you require it, your case manager will arrange homecare, special equipment, or other home services.

IMPORTANT INFORMATION ABOUT PAYING FOR YOUR CARE AT ROSWELL PARK CANCER INSTITUTE

Roswell Park Cancer Institute is a participating provider in many health plan networks. Some health plans use smaller networks for certain products they offer so it is important to check whether we participate in the specific plan you are covered by. Our list will tell you if we do not participate in all of a health plan’s products.

It is also important for you to know that the physician services you receive in the hospital are not included in the hospital’s charges. Physicians who provide services at the hospital may be independent community physicians or they may be employed by the hospital. Physicians bill for their services separately and may or may not participate in the same health plans as the hospital. You should check with the physician arranging your hospital services to determine which plans that physician participates in. Roswell Park Cancer Institute contracts with a number of physician groups, such as anesthesiologists, neurologists, cardiologists, nephrologists, radiologists and pathologists, to provide services at the hospital. You should contact these groups directly to find out which health plans in which they participate.

You should also check with the physician arranging for your hospital services to determine whether the services of any other physicians will be required for your care. Your physician can provide you with the name, practice name, mailing address and telephone number of any physicians whose services may be needed. Your physician will also be able to tell you whether the services of any physicians employed or contracted by Roswell Park Cancer Institute are likely to be needed, such as anesthesiologists, radiologists and pathologists. You should contact these groups directly to find out which health plans in which they participate.
Hospitals are required by law to make available information about their standard charges for the items and services they provide. The following information can be found at www.roswellpark.org/finance/insurance/healthcare-disclosure:

- A list of participating Health Plans
- A list of physicians that will bill for their services separately
- Information on how to obtain hospital charge information

If you do not have health insurance, you may be eligible for assistance in paying your hospital bills. Information about financial assistance is available at www.roswellpark.org/finance/insurance/financial-assistance-program, or you may contact our Financial Assistance Office at 716-845-4782. To view this page online go to: www.roswellpark.org/finance/insurance/hospital-disclosure. Benefits
