

HEALTH, DENTAL & VISION INSURANCES

Health Insurance

Roswell Park Cancer Institute offers a comprehensive health insurance program for employees who work a schedule of at least 50% through the New York State Health Insurance Program (NYSHIP). Health insurance coverage begins 8 weeks following your hire date. Enrollment in health insurance through NYSHIP is optional. The use of participating providers with each plan will ensure the maximum benefit.

The enclosed "Choices" booklet lists the health insurance plans offered through NYSHIP. Please refer to pages 16 and 17 to view the plans that are available to benefit-eligible employees based on the county in which you reside and/or work. If you are eligible for another HMO plan not listed below, please contact the Employee Services Office at 845-4700.

Coverage and costs vary by plan, and RPCI pays a portion of the cost for coverage. The employee's share of the premium is made via payroll deduction, pre-tax. Employees will have the option to change their health insurance coverage each year during an option transfer period.

The costs below represent the employee's pre-tax contribution made via biweekly payroll deduction. It is recommended that you compare the biweekly rates noted to the deductions in your paychecks and contact the Employee Services Office immediately with any issues or concerns. Please review additional information regarding the Pre-Tax Salary Conversion Plan on page 4 of this document.

RETIREMENT

New York State & Local Employees’ Retirement System (NYSERS)

The New York State & Local Employees’ Retirement System (NYSERS) is a defined benefit plan that uses a formula based on an employee’s years of service, age at retirement, and final average salary to calculate the retirement benefit. Employees enrolled in NYERS on or after April 1, 2012, belong to Tier 6. Full-time employees must enroll in the NYERS program within 30 days of their date of hire. Part-time employees may also participate in one of the following plans, but participation is not mandatory. Employee contributions are deducted on a pre-tax basis from their biweekly paychecks for the length of their service. Effective April 1, 2013, the contribution rate for Tier 6 employees is variable based on salary. The variable contribution rates are as follows:

Annual Wage	Contribution Rate
\$45,000 or less	3%
\$45,000.01 to \$55,000	3.5%
\$55,000.01 to \$75,000	4.5%
\$75,000.01 to \$100,000	5.75%
More than \$100,000	6%

After 10 years of creditable service, an employee is considered vested and has earned the right to receive a pension even if the employee should separate from employment at the Institute. Employees who separate before completing 10 years of full-time service may also choose to withdraw their contributions.

For enrollees, you will be receiving a welcome packet from the NYSERS shortly after your membership date. More information may also be obtained online at www.osc.state.ny.us/retire.

The minimum deferral cannot be less than 1% of the employee’s gross salary or less than \$10 per pay period. Employees may cancel or change their deferral amounts at any time by completing a deferral change form. The deferral limit for contributions is determined annually by the Internal Revenue Service. Employees must use all the money in their account by the end of the calendar year. It does not roll over into the new year. Income Protection Plan (IPP)

The IPP is a disability insurance program that partially replaces income for employees who are unable to work due to maternity, illness or injury. There are two components: the Short-Term Disability Plan (STD) and the Long-Term Disability Plan (LTD). The State pays the full premium.

M/C Life Insurance Plan

New M/C employees have the option of enrolling in a term life insurance program during the first 6 bi-weekly pay periods after their first day of employment. Employees who enroll or increase coverage after this time will be required to complete a medical questionnaire and may be required to undergo a physical examination. Premiums are paid through payroll deduction. The program is insured through the Metropolitan Life Insurance Company.

Pre-Tax Salary Conversion Plan

Under the Medical Premium Salary Conversion Plan, all employees who participate in PBC's health insurance program will have their bi-weekly premium health insurance contribution deducted on a "pre-tax" basis. This means that a deduction is taken from your income before taxes are calculated, thereby reducing your taxable income and increasing your spendable income.

Participation in the pre-tax health insurance program does place restrictions on what changes you can make to your coverage during the plan year. Under this plan, IRS regulations require Roswell Park to take a fixed pre-tax contribution toward your coverage throughout the entire plan year unless a qualifying event or significant change in your spouse's employment occurs. This means, that without a qualifying event, you cannot voluntarily cancel coverage or change from family to individual coverage (unless you no longer have any eligible dependents). Any changes requested following a qualifying event must coincide with that qualifying event. To be eligible to reduce or voluntarily cancel your coverage during the plan year, the Employee Benefits office must be notified within 30 days of a qualifying event.

Employees who want additional flexibility with their health insurance may want to consider having their deduction taken on a post/after tax basis. This means that deductions are taken from your check after taxes, thus you do not receive a tax break on your health insurance deduction. Employees who may want to make changes to their level of coverage throughout the year without having a qualifying event may want to consider this option.

If you would like to have your health insurance premium deducted on a post/after-tax basis, you will need to make this election upon enrollment in coverage or during the Annual Option Transfer Period.
