

THE  
GRATWICK  
SOCIETY

Distinguished Donors  
Giving in Support of  
Roswell Park Cancer Institute

*Thank You*

## Roswell Park Alliance Foundation

The Foundation's goal is to help secure critical donations for Roswell Park Cancer Institute's life-saving research and compassionate care programs that address the psychosocial needs of patients and families touched by cancer. Formed in 1991 as an independent 501(c)(3) not-for-profit organization, the Foundation receives and administers all donations to Roswell Park Cancer Institute.

# A MESSAGE FROM THE CO-CHAIRS

Dear Gratwick Society Friends:

Thank you for your commitment and dedication to Roswell Park Cancer Institute (RPCI) as a loyal and generous member of the Gratwick Society. We are honored to serve as the new co-chairs of this special group of friends.

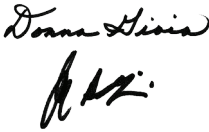

Each of you has made a gift for an individual reason but together we make an impact on the patients, families and community that relies on Roswell Park. Together we invest in new innovative cancer research projects. Together we support programs that help patients and their families as they face a cancer diagnosis. And, together we help make positive change not only for our community, but all those that benefit from Roswell Park's goal of a world without cancer.

As co-chairs of Roswell Park's Gratwick Society, it is our privilege to report that Gratwick Members, who have made gifts of \$1,000 or more, contributed more than **\$11.2 million** between April 1, 2015, and March 30, 2016.

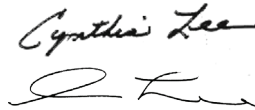

In the coming year, we look forward to thanking all of the generous donors who truly make a difference in the lives of cancer patients and their families. We greatly appreciate your leadership and thank you for your continued commitment to Roswell Park's mission to **understand, prevent and cure cancer**.

On behalf of the Roswell Park family, thank you for your continued generosity.

Sincerely,

Donna and Ambassador Anthony Gioia  
Co-Chairs, The Gratwick Society

Cynthia and Patrick P. Lee  
Co-Chairs, The Gratwick Society

P.S. As a Gratwick Society member, please join a "Behind the Scenes" tour of Roswell Park and see first-hand your donor dollars at work. Tours are an opportunity to learn more about the Institute through visiting labs, meeting researchers and seeing the latest in treatment technology. Please contact Bailey Muto at **716-845-3916** for more information or to reserve your date.

## HERE'S A LOOK AT THE RECENTLY FUNDED

### PROSTATE CANCER

**Dominic Smiraglia, PhD**, will explore how to take better advantage of metabolic stress that is inherent to prostate cancer, but not present in normal tissues. This will provide scientists with new therapeutic avenues.

**Sean Glenn, PhD**, will use state-of-the-art technology available at Roswell Park to identify the genes that are responsible for driving the metastatic growth of cancer to distant organs. This technology could have a significant impact on understanding and treating tumors.

### CANCER GENETICS

**Ruea-Yea Huang, PhD**, will aim to find new therapeutic targets that have the potential to be used in combination with immune checkpoint blockade therapy for ovarian cancer. Together, these therapies may be able to prevent the exhaustion of tumor-fighting immune cells.

### OVARIAN CANCER

### ESOPHOGEAL CANCER

**Moshim Kukar, MD**, will investigate the utility of a new procedure in patients undergoing minimally invasive esophagectomies for esophageal cancer, a procedure that occurs 40 to 50 times per year at Roswell Park, the only center in Western New York performing these complex surgeries.

### OUTREACH

**Deborah Erwin, PhD**, aims to update, strengthen and assess the curriculum of the National Witness Project, which reaches out to African American women with culturally appropriate breast cancer information related to screening and prevention.

## PROJECTS AND WHAT THEY HOPE TO ACCOMPLISH:

**COLORECTAL CANCER**

**Amanpal Singh, MD, MS**, will analyze data to find the optimum time between colonoscopy procedures for colon cancer survivors. Researchers hope to improve survivors' experiences, so that rigorous screening can continue with the minimum number of interventions and discomfort.

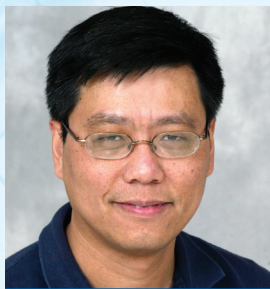

**BREAST CANCER**

**Irwin Gelman, PhD**, will identify genes and pathways that control breast cancer dormancy in patients' bones. This project could lead to the development of new drugs that could target those genes and pathways, thereby preventing tumor cell "re-awakening" that can lead to metastatic disease.

**ELECTRONIC CIGARETTES**

**Yasmin Thanavala, PhD**, and **Maciej Goniewicz, PhD, PharmD**, will examine the effects of exposure to e-cigarette vapors on the immunity of the lung to inflammation and infections. This will be the first study of its kind.

**BREAST CANCER**

**Yuesheng Zhang, MD, PhD**, will explore the ability of a specific agent to overcome drug resistance in a certain type of breast cancer. Patients with this type of breast cancer often become resistant to the standard therapy, and, as a result, have a poor prognosis.

**LEUKEMIA AND LYMPHOMA**

**Xinjiang Wang, PhD**, will test the potential of a newly identified compound that could kill leukemia and lymphoma cells that have become resistant to standard therapies. This project could lead to the development of new treatments for patients who do not have other options.

# THE GRATWICK SOCIETY

In 1900, the Gratwick family provided Dr. Roswell Park with an extraordinary gift of \$25,000 to help establish what is known today as Roswell Park Cancer Institute. In appreciation to the Gratwick family, the Gratwick name was chosen to identify distinguished donors who offer leadership gifts in the same generous spirit. **Members of the Gratwick Society contribute \$1,000 or more annually in support of Roswell Park's vision to create a world without cancer.**

August 28, 1900

*My dear Doctor Park,*

*My mother wishes me to say that she would consider it a privilege to assume the expenses of building a laboratory to be devoted to the investigation of cancer such as is contemplated by you; the expenses of such an undertaking to be about \$25,000.*

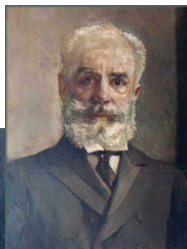

*And she wishes me to say that one of the strong reasons influencing her decision is that the work will be under your supervision and management.*

*My mother wishes to attach no conditions whatever in this matter, but she would much appreciate it if her name could be kept out of the newspapers in connection therewith, feeling averse to any publicity in the case.*

*Yours sincerely,  
W. H. Gratwick*

Martha W. Gratwick

William H. Gratwick

Gratwick Laboratory, High Street

# Gratwick Society Membership List

*For the fiscal year of April 1, 2015 to March 31, 2016*

The listed Gratwick Society members have made contributions of \$1,000 or more including cumulative gifts, pledges or pledge payments during this fiscal year.

**Thank you for your generous support!**

While every effort is made to have an accurate list, we apologize if we have omitted or incorrectly stated your name or gift amount. Please call (716) 845-4391 to correct this information.

# Scott Bieler Clinical Sciences Center

This critical expansion was created to serve the Institute's steadily increasing population of patients and survivors.

## New home to the following departments:

- Breast Oncology Center
- Breast Imaging Center
- Survivorship & Supportive Care Center/ Adolescent & Young Adult Center
- Chemotherapy & Infusion Center
- Gynecology Center

## Art in the New Building

Over 200 new works of art are on display in the new center. Each floor features artwork by well-known and emerging artists from the Western New York region.

## **The Gratwick Society**
