GRATWICK
SOCIETY

Distinguished Donors
Giving in Support of
Roswell Park

2018

“If not for kind and generous contributors to this wonderful organization, I most likely would not be here, continuing to fight.”

- Kathleen, ovarian cancer survivor

In March 2004, Kathleen went in for endometrial surgery. But her surgeon quickly discovered that she was “loaded with cancer.” “He called Dr. Lele, who came to Buffalo General and operated on me. I believe Dr. Lele delayed his vacation to do this,” Kathleen says. Shashikant Lele, MD, FACOG, is Clinical Chief of Gynecologic Oncology at Roswell Park, and that was just the beginning of the role he would play in Kathleen’s life.

Kathleen began treatment immediately after her surgery, qualified for a clinical trial and went into remission for 10 years. Advanced ovarian cancer is difficult to eradicate, so she has been called a miracle. She now has had two recurrences, in 2015 and 2017, and has undergone radiation as well as more chemo and surgery.

It’s been a journey of many ups and downs. But Kathleen says she has found help and joy in the many people at Roswell Park, from Dr. Lele and his staff to the people of the Resource Center and its Wig and Head Covering Boutique.

“Not only did they provide me with a hat and a wig,” she says, “but they also provided me with courage and a smile. I left with a smile on my face and a positive attitude.”

ROSWELL PARK ALLIANCE FOUNDATION

The Foundation’s goal is to help secure critical donations for Roswell Park Comprehensive Cancer Center’s lifesaving research and compassionate care programs that address the psychosocial needs of patients and families touched by cancer. Formed in 1991 as an independent 501(c)(3) not-for-profit organization, the Foundation receives and administers all donations to Roswell Park.

A MESSAGE FROM THE CO-CHAIRS

Dear Gratwick Society Friends:

Your generosity as members of the Gratwick Society allows Roswell Park Comprehensive Cancer Center to continue investing in innovative cancer research projects that advance the treatment and care of our patients while also providing support to their families as they face this difficult journey. Together, we help make positive changes for our community and all those who benefit from Roswell Park’s mission to **eliminate cancer’s grip on humanity by unlocking its secrets through personalized approaches and unleashing the healing power of hope.**

As co-chairs and members of Roswell Park’s Gratwick Society, we are honored and privileged to report that Gratwick members contributed more than **\$11 million** between April 1, 2017, and March 31, 2018. This past year, advances in research and patient care have made an impact on everyone who relies on Roswell Park, from our patients and their families to the community at large.

Your continued support truly makes a difference in the lives of all cancer patients not only at Roswell Park, but worldwide, and it is greatly appreciated. On behalf of Roswell Park’s patients, faculty and staff, thank you for your commitment and dedication to Roswell Park and for being a loyal member of the Gratwick Society.

Sincerely,

Donna and Ambassador Anthony Gioia
Co-Chairs, The Gratwick Society

Cynthia and Patrick P. Lee
Co-Chairs, The Gratwick Society

NEW LEADERSHIP SPOTLIGHT

Agnieszka Witkiewicz, MD

- Director of the Center for Personalized Medicine
- Inaugural Chief of Research and Biobanking, Department of Pathology

Dr. Witkiewicz is an internationally recognized clinician-scientist who combines groundbreaking laboratory research with precision medicine. Her research interests include identifying mechanisms that drive the invasive progression of cancer, with a special focus on breast and pancreatic cancers. Dr. Witkiewicz came to us from the University of Arizona, where she was Vice Chair of the Pathology Department, Director of the Gastrointestinal Pathology Fellowship Program, Director of Tissue Acquisition and Cellular/Molecular Analysis Shared Resource and Professor in the Department of Pathology. She joined Roswell Park this year.

Amy Case, MD, FAAHPM

- Inaugural Lee Foundation Endowed Chair in Palliative and Supportive Care
- Associate Professor of Oncology

After a generous personal gift from Patrick P. Lee in memory of his son, Patrick Warn Lee, Dr. Case was named the first Lee Foundation Chair in Palliative and Supportive Care. In this role she will spearhead innovative programs treating the whole person through emotional, psychosocial and pastoral care. She has a focus in neuropathic pain, prognostication and palliative medicine education, and teaches medical students, residents and fellows. She was elected as a fellow of the American Academy of Hospice and Palliative Medicine (AAHPM) in 2015. Dr. Case joined Roswell Park in 2016.

Mukund Seshadri, DDS, PhD

- Inaugural Chair, Department of Oral Oncology
- Director, Center for Oral Oncology
- Scientific Director, Translational Imaging Shared Resource

As the first Chair of the newly established Department of Oral Oncology and Director of the Center for Oral Oncology, Dr. Seshadri will lead our efforts translating clinically relevant research in oral oncology and dental medicine to meaningful patient outcomes. His research program is focused on developing novel imaging tools and strategies to prevent oral cancer and mitigate the oral side effects of cancer treatments. His work has been funded by grants from the National Cancer Institute, the National Institute of Dental and Craniofacial Research and the Roswell Park Alliance Foundation. Dr. Seshadri joined Roswell Park in 2002.

THE IMPACT OF YOUR SUPPORT

At Roswell Park, the cutting-edge discoveries made by our world-renowned scientists change the face of cancer treatments for thousands of patients every year, both here in Western New York and across the globe. But it only happens because of support like yours. Here are just a few of the recent initiatives that you have made possible with your continued giving.

Immunotherapy Enables New Attack on Cancer Cells

A new strategy developed at Roswell Park aims to deliver a two-pronged attack against cancer cells by super-charging the immune system. The therapy is being studied in patients for the first time through a phase 1 clinical trial at Roswell Park. A patient's T lymphocytes, or T cells — which are part of the immune system and help the body fight disease — are collected and sent over to Roswell Park's Center for Immunotherapy. There they are armed with receptors that enable the T cells to hunt down and destroy specific tumor cells. They are also given a second gene to protect the T cells from attack from a protein that tumors use for protection. The T cells are then injected back into the patient and get to work fighting cancer.

This trial was made possible thanks to donations to Roswell Park as well as funding from the National Institutes of Health. Your continued support will enable us to advance clinical trials for this line of research.

Team Discovers Ovarian Cancer Transmission Pathway

Researchers have discovered that ovarian cancer transmission risk is greater on the father's side of the family than on the mother's, and it's because of a gene on the X chromosome called MAGEC3. Men have only one X chromosome, so if they inherit one from their mother with a mutated MAGEC3 gene on it, they'll definitely pass the gene on to any daughters they have. This discovery was possible thanks to the Familial Ovarian Cancer Registry, an archive of information and blood samples that has been growing for more than 37 years at Roswell Park. Both the registry and the study have been funded by donor support. Continued support will help us determine the complete role played by MAGEC3 and possibly help begin cancer prevention steps in at-risk families.

Pediatric Wellness Program Helps Kids Feel better

Cancer treatments too often come with debilitating side effects like pain, headaches, nausea, fatigue and anxiety. Roswell Park has launched a new Integrative Medicine Program to alleviate these problems for our youngest patients. Complementary and alternative medicines (CAM) such as acupuncture, massage and reflexology as well as nutritional counseling are utilized to eliminate or reduce discomfort. Roswell Park is providing these to pediatric patients free of charge, thanks to the generosity of donors like you. Research performed throughout the program is expected to produce data that will support the development of a Roswell Model that other institutions will seek to replicate. Your continued support will help us expand these noninvasive treatments to all patients and create the Roswell Model.

THE GRATWICK SOCIETY

In 1900, the Gratwick family provided Dr. Roswell Park with an extraordinary gift of \$25,000 to help establish what is known today as Roswell Park Comprehensive Cancer Center. In appreciation to the Gratwick family, the Gratwick name was chosen to identify distinguished individual donors who offer leadership gifts in the same generous spirit.

Members of the Gratwick Society contribute \$1,000 or more annually in support of Roswell Park's vision to create a world without cancer.

August 28, 1900

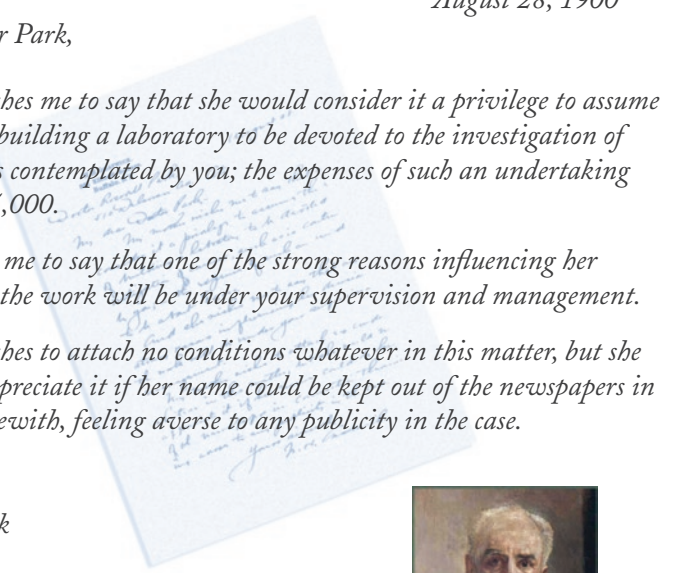

My dear Doctor Park,

My mother wishes me to say that she would consider it a privilege to assume the expenses of building a laboratory to be devoted to the investigation of cancer such as is contemplated by you; the expenses of such an undertaking to be about \$25,000.

And she wishes me to say that one of the strong reasons influencing her decision is that the work will be under your supervision and management.

My mother wishes to attach no conditions whatever in this matter, but she would much appreciate it if her name could be kept out of the newspapers in connection therewith, feeling averse to any publicity in the case.

Yours sincerely,
W. H. Gratwick

Martha W. Gratwick

William H. Gratwick

Gratwick Laboratory, High Street

Gratwick Society Membership List

For the fiscal year of April 1, 2017, to March 31, 2018

The listed Gratwick Society members have made contributions of \$1,000 or more, including cumulative gifts, pledges or pledge payments during this fiscal year.

Gratwick Gold members are supporters of \$5,000 or more.

Thank you for your generous support!

While every effort is made to have an accurate list, we apologize if we have omitted or incorrectly stated your name or gift amount. Please call 716-845-4391 to correct this information.

With your help, Roswell Park:

- **will be able to revamp its clinic serving the Departments of Head and Neck/Plastic and Reconstructive Surgery, Oral Oncology and Speech Pathology.** The new configuration will create a healing, patient-centric environment that will improve care quality and delivery for patients in this crucial area of the hospital.
- **will be able to update its Clinical Trials Unit.** Clinical trials enable us to offer new hope to those battling cancer and bring tomorrow's treatments to our patients today. Through this campaign, our existing pharmacy and clinical space on 7 North will be modernized to meet new needs and standards.
- **hopes to expand its Assessment and Treatment Center to address patients' needs 24 hours a day, seven days a week.** Things like coughs, shortness of breath and fever can mean very different things in a cancer patient than in others and must be addressed by cancer specialists. The ATC gives patients access to Roswell care outside of business hours and when they can't immediately see their regular practitioner.
- **has established a medical oncology affiliation with Oneida Healthcare in Central New York to expand the availability and delivery of quality cancer care to patients in the Oneida and surrounding communities.** With this new partnership, Central New Yorkers will have access to quality cancer care and will only need to travel to Roswell Park when deemed medically necessary.

Initiatives like these are making a tremendous difference here in Western New York and far beyond. But they're only possible because of your continued support. Donations from friends like you will enable Roswell Park to help make these projects — and many more — a reality for our patients and their families as we strive to spread the healing power of hope throughout the Roswell Park community. To make a gift, please contact the Roswell Park Alliance Foundation at 716-845-4391.

Gratwick Society Membership Levels

THE
GRATWICK
SOCIETY

\$1,000-\$4,999

GRATWICK
GOLD

\$5,000+

In addition to the Gratwick Society benefits,
Gratwick Gold members also receive:

Behind-the-Scenes Tours

Visit our labs and see
your donor dollars at work
