

THE
GRATWICK
SOCIETY

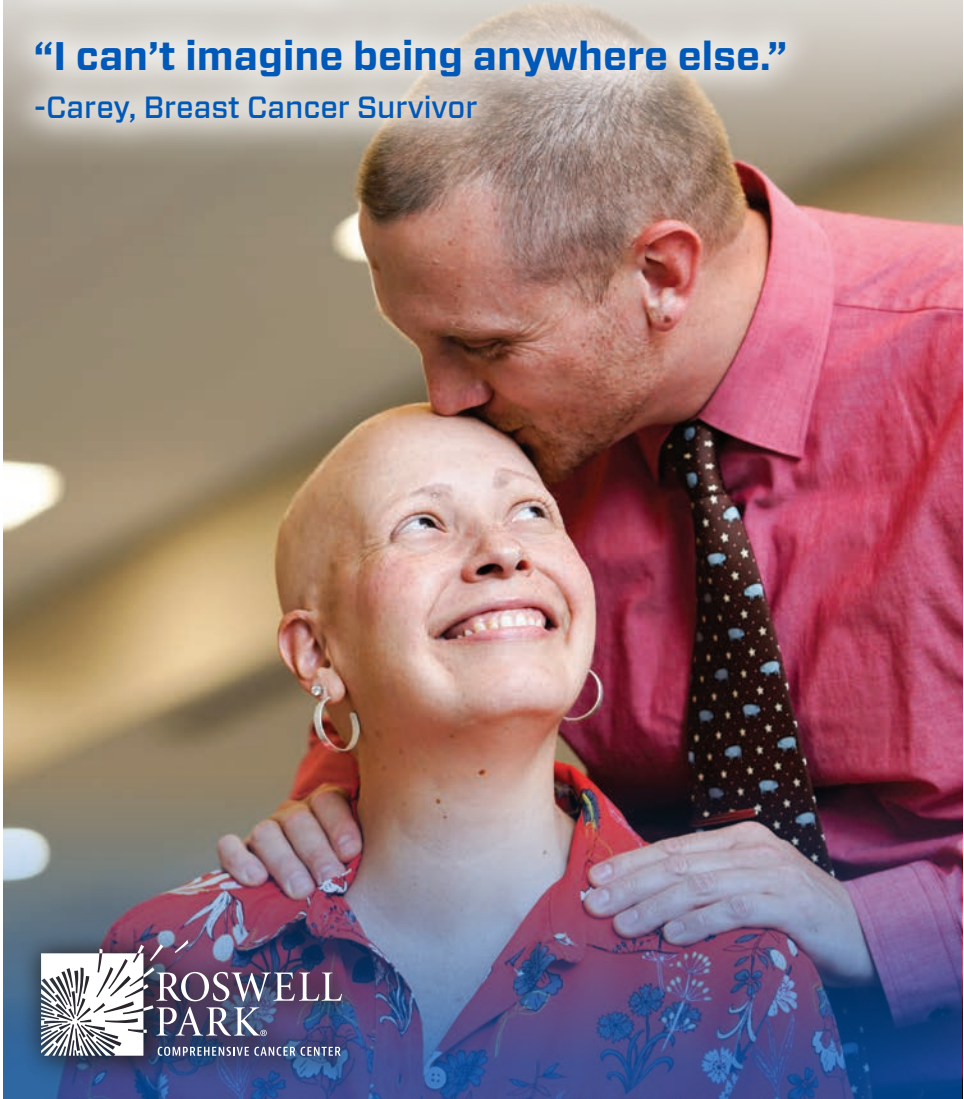

Distinguished Donors
Giving in Support of
Roswell Park

Your generosity is helping
Roswell Park to provide
the best possible care for
patients like Carey.

2019

“I can’t imagine being anywhere else.”

-Carey, Breast Cancer Survivor

ROSWELL
PARK
COMPREHENSIVE CANCER CENTER

Just 40 years old, with a wife and three children, Matt was stunned to learn that he had stage 4 metastatic melanoma. He'd had no skin problems — no abnormal moles, none of the regular signs. But a suspicious lump under his right arm had raised alarms for his primary doctor. Matt is part of only a tiny percentage of people to develop this kind of melanoma.

But under the care of Marc Ernstoff, MD, the Katherine Anne Gioia Chair of Medicine, Matt felt equipped to face whatever came next. He knew he had to get through it for his kids and his wife, Brenda. After more than six months of targeted therapy and surgery to remove 28 metastatic lymph nodes, this April Matt was declared cancer free. He and Brenda celebrated with a night out at Russell's.

"They told us that if Matt had been diagnosed with this just a few years ago, there would have been no promising treatments to offer. But because of research, these options were available to help him when he got sick in 2018," says Brenda.

Matt's family and friends have given him strength and comfort throughout his journey. And Dr. Ernstoff and the rest of his care team gave him the confidence that he would beat his disease.

"Dr. Ernstoff is an exceptional person. He's on earth for a reason: to help people get better. He obviously was a huge part of why I am better, but it's everybody else at Roswell Park, too. You know you're getting the best care possible when you come here."

ROSWELL PARK ALLIANCE FOUNDATION

The Foundation's goal is to help secure critical donations for Roswell Park Comprehensive Cancer Center's lifesaving research and compassionate care programs that address the psychosocial needs of patients and families touched by cancer. Formed in 1991 as an independent 501(c)(3) not-for-profit organization, the Foundation receives and administers all donations to Roswell Park.

A MESSAGE FROM THE CO-CHAIRS

Dear Gratwick Society Friends:

As members of the Gratwick Society, your generous commitment to Roswell Park Comprehensive Cancer Center enables innovative cancer research that advances the treatment and care of patients while providing support to their families. We share in your commitment to create positive change – for our community and for all those who benefit from Roswell Park's mission **to eliminate cancer's grip on humanity by unlocking its secrets through personalized approaches and unleashing the healing power of hope.**

As co-chairs and members of Roswell Park's Gratwick Society, we are pleased to report that Gratwick members contributed more than \$12 million between April 1, 2018, and March 31, 2019. This vital funding generated a remarkable impact, fueling groundbreaking research projects and touching lives near and far.

On behalf of Roswell Park's patients, faculty and staff, thank you for your commitment and dedication to Roswell Park and for being a loyal member of the Gratwick Society. Your support makes a difference in the lives of cancer patients here at Roswell Park and worldwide.

Sincerely,

Donna and Ambassador Anthony Gioia
Co-Chairs, The Gratwick Society

Cynthia and Patrick P. Lee
Co-Chairs, The Gratwick Society

NEW LEADERSHIP AND RECOGNITION SPOTLIGHT

PRESTIGIOUS HONOR
Kunle Odunsi,
MD, PhD, FRCOG, FACOG

- Deputy Director, Roswell Park
- Chair, Gynecologic Oncology
- M. Steven Piver Professor of Gynecologic Oncology
- Executive Director, Center for Immunotherapy

Dr. Odunsi was recently elected to the National Academy of Medicine, a distinguished lifetime designation that is considered one of the highest honors in the medical field. Members are elected by their peers based on their contributions to the advancement of the medical sciences, health care and public health. Dr. Odunsi is the first Roswell Park physician in the center's 120-year history to be elected to the National Academy of Medicine.

NEW LEADERSHIP
Shirley Johnson, MBA, MS, RN

- Chief Clinical Operations Officer
- Senior Vice President

Shirley Johnson has been appointed Chief Clinical Operations Officer and Senior Vice President of Roswell Park. In this new position, she oversees all clinical operations at the cancer center, both inpatient and outpatient, including Pharmacy, Patient Access, Clinical Services and Perioperative Services. Along with the department chairs, she also oversees the department administrators for Radiation Medicine, Diagnostic Radiology, Pathology and Laboratory Medicine.

NEW RECRUIT
Oscar Colegió, MD, PhD

- The Lawrence P. and Joan Castellani Family Endowed Chair in Dermatology in honor of Allan R. Oseroff, MD, PhD
- Professor of Oncology

A clinician and scientist with more than 20 years of experience, Dr. Colegió steps into leadership of the Department of Dermatology with expertise in a wide variety of skin cancers. His clinical practice and research are focused on skin diseases in immunosuppressed patients and high-risk skin cancers that develop in organ transplant recipients and the general population. Dr. Colegió comes to Roswell Park from Yale University.

THE IMPACT OF YOUR SUPPORT

At Roswell Park, the cutting-edge discoveries made by our world-renowned scientists change the face of cancer treatments for thousands of patients every year, both here in Western New York and across the globe. But it only happens because of support like yours. Here are just a few of the recent initiatives that you have made possible with your continued giving.

Promise of SurVaxM to Help More Brain Cancer Patients

Donations have provided vital funding for Roswell Park researchers to develop SurVaxM, a promising vaccine for the brain cancer glioblastoma, and test it in phase I and II clinical trials. Results show that SurVaxM is safe and well-tolerated, and has extended patient survival beyond what is seen with standard therapy alone. Your continued support will allow us to take three critical next steps: 1. Conduct a randomized controlled clinical study offering SurVaxM to adult patients at multiple cancer centers across the country, the final stage in receiving FDA approval for use of the vaccine for this particular patient population. 2. Offer SurVaxM to pediatric patients with glioblastoma and medulloblastoma through a phase I clinical trial, which could give hope for pediatric brain cancers that haven't seen progress in more than a decade. 3. Support a next-phase clinical trial offering the vaccine to patients with neuro-endocrine tumors, which produce a high amount of the protein that SurVaxM targets. All three studies will only be possible with the help of continuing donor generosity like yours.

OmniSeq® Helps Identify Best Cancer Treatments

Thanks to donor giving, the Roswell Park Alliance Foundation continues to pay for OmniSeq testing for Roswell Park patients. OmniSeq performs different kinds of molecular sequencing and immune profiling tests to help practitioners identify the treatments likely to work best for each patient. These tests isolate targeted therapy options, giving the patient and the provider the most comprehensive overview of all available targeted and immune treatment options — whether drugs or clinical trial opportunities. With your continued support, we can establish a base of successful data that hopefully will lead insurance companies to offer broader coverage, giving many more patients access to these important tests. *Turn to the back inside cover to hear about one of the many patients impacted by your generosity!*

CIMAvax Already Helping People With Lung Cancer

An Alliance Foundation commitment of more than \$4 million enabled Roswell Park to bring CIMAvax-EGF to Buffalo and offer the first and only clinical trial of this lung cancer immunotherapy in the U.S. Initial results show that this Cuban-developed treatment for advanced-stage lung cancer, which we are testing in combination with another immunotherapy, is safe, well-tolerated and worthy of further study. They also showed that these two immunotherapies work better in combination than on their own. Your continued support is allowing us to conduct phase II trials and will enable our researchers and clinicians to explore CIMAvax's potential for treating other forms of cancer.

THE GRATWICK SOCIETY

In 1900, the Gratwick family provided Dr. Roswell Park with an extraordinary gift of \$25,000 to help establish what is known today as Roswell Park Comprehensive Cancer Center. In appreciation to the Gratwick family, the Gratwick name was chosen to identify distinguished individual donors who offer leadership gifts in the same generous spirit.

Members of the Gratwick Society contribute \$1,000 or more annually in support of Roswell Park's vision to create a world without cancer.

August 28, 1900

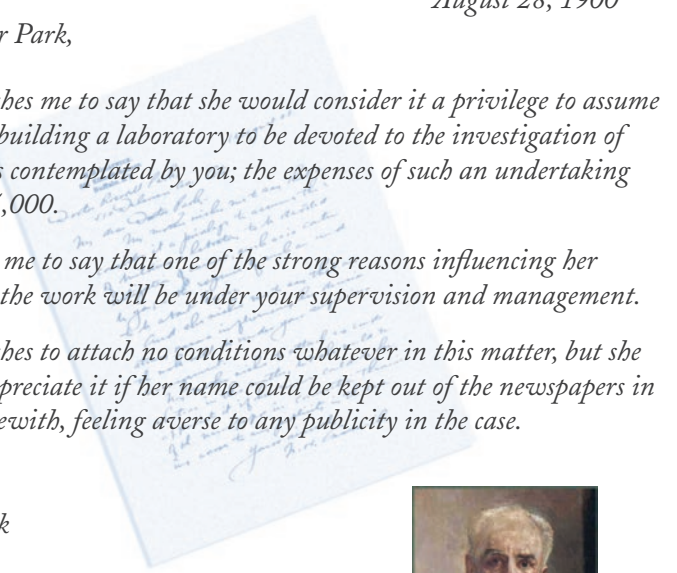

My dear Doctor Park,

My mother wishes me to say that she would consider it a privilege to assume the expenses of building a laboratory to be devoted to the investigation of cancer such as is contemplated by you; the expenses of such an undertaking to be about \$25,000.

And she wishes me to say that one of the strong reasons influencing her decision is that the work will be under your supervision and management.

My mother wishes to attach no conditions whatever in this matter, but she would much appreciate it if her name could be kept out of the newspapers in connection therewith, feeling averse to any publicity in the case.

Yours sincerely,
W. H. Gratwick

Martha W. Gratwick

William H. Gratwick

Gratwick Laboratory, High Street

Gratwick Society Membership List

For the fiscal year of April 1, 2018, to March 31, 2019

The listed Gratwick Society members have made contributions of \$1,000 or more, including cumulative gifts, pledges or pledge payments during this fiscal year. Gratwick Gold members are supporters of \$5,000 or more.

Thank you for your generous support!

While every effort is made to have an accurate list, we apologize if we have omitted or incorrectly stated your name or gift amount. Please call 716-845-4391 to correct this information.

Judy sent a card and kind letter thanking the Alliance Foundation for covering her OmniSeq® testing. Your donations have helped cover the cost of testing for more than 1,200 Roswell Park patients.

Read more about OmniSeq on page 4.

Lung cancer patient Judy with her granddaughter Alexa

Gratwick Society Membership Levels

THE
GRATWICK
SOCIETY

\$1,000-\$4,999

Behind-the-Scenes Tours

Visit our labs and see
your donor dollars at work.
