What ne	etwork folder would you like to map?	
Specify the	e drive letter for the connection and the folder that you want to connect to:	
Drive:	Z:	
Folder:	\\flowcyto\flowresearch\$	
	Example: \\server\share	
	Reconnect at logon	
	Connect using different credentials	
	Connect to a Web site that you can use to store your documents and pictures.	
	Finish	ancel

Type in the path <u>\\flowcyto\flowresearch\$</u> in the Folder: box as shown above

Type in your normal Roswell network credentials (same as if you are logging into a Roswell computer)

You must keep the Roswell\ prefix in front of your logon name to define the domain you are trying to access.

Windows Security	×
Enter Network Password Enter your password to connect to: flowcyto	
roswell\UserName •••••• Domain: roswell Remember my credentia	ls
	OK Cancel

If successful, a window will appear with all the user storage resources available.

If you get an error message as seen below:

Right click on the "Z" drive icon and select "Open in a new window"

Click on "Use another account"

The console changes to:

Windows Security	
Enter Netw Enter your pass	ork Password sword to connect to: flowcyto
	ROSWELLPARKFORT\mu3
	User name Password Domain: ROSWELLPARKFORT Remember my credentials
	OK Cancel

Type in roswell\<your Roswell user name >

Password is your personal Roswell password

Windows Security	
Enter Network Password Enter your password to connect to: flowcyto	
	ROSWELLPARKFORT\mu3
	roswell\ <your here="" name=""> Password Domain: roswell Image: Remember my credentials</your>
	OK Cancel

Select "OK" to access <u>\\flowcyto\flowresearch\$</u> mapped as "Z" drive.

You will only be able to enter into the folder assigned to you. Your mapped "Z" drive letter will take you only to this level but you should be able to move to the next directory level, inside your PIs folder.

Remember to <u>log out</u> of windows to clear your logon credentials from Windows memory when finished with your Flow session.

The universal <u>login</u> for the LSRII-A/B & Fortessa is

User name: administrator Password: BDIS#1
