

ARE YOU AT HIGH RISK FOR BREAST CANCER?

Women at above-average risk for breast cancer can take advantage of the Multidisciplinary Breast Cancer Risk Assessment and Prevention Program at Roswell Park Cancer Institute.

The program combines the latest medical and scientific knowledge with the most advanced surveillance, screening and diagnostic methods for high-risk women.

If you answer yes to any question below, you may be at increased risk for breast cancer.

ANSWER THESE QUESTIONS TO ASSESS YOUR RISK

	YES	NO
1. Does cancer run in your family?	<input type="checkbox"/>	<input type="checkbox"/>
